\$3100 WALK—Approximately 200 young people and adults participated in Pickaway County's third annual CROP march Sunday. Co-chairmen Roy Osborn and Charles Hemming say the unofficial amount pledged to the walkers is \$3100, but the actual total will be known Sunday when the walkers bring in their money. The 10-mile jaunt started 1 p.m. at the Circleville Junior High School with everyone returning at 4:30 p.m. at the YMCA.

GOP Solons Set Meets With Nixon On Watergate

WASHINGTON (AP) — President Nixon, intensifying efforts to explain his side of the Watergate matter to congressional Republicans, has scheduled a half-dozen meetings with GOP legislators this week.

The meetings, disclosed Sunday by Sen. Charles H. Percy, R-Ill., and confirmed by a Nixon spokesman, are in addition to a previously planned White House breakfast with the Republican Coordinating Committee today.

Speaking on the NBC program "Meet the Press," Percy said every member of Congress would attend one of the six meetings, and "at least nine hours will be spent by the President being interrogated by members of the Congress."

The White House said three meetings would be held with House Republicans and three with GOP senators. Nixon eventually will meet with some Democratic congressmen, but no schedule for that has been set, it said. Nixon had conferred with GOP leaders of Congress Friday.

A presidential spokesman said Nixon wanted "to have full and open communications" with the Republican legislators "on Watergate-related matters and on other matters as well."

The lawmakers will be able to ask questions, and such White House locations as the state dining room and the library have been chosen so as to make the atmosphere less formal than the President's office, the spokesman said.

Nixon returned to the White House Sunday afternoon after a weekend stay at his Camp David mountaintop retreat in Maryland. Aides said the

President cabled congratulations to Secretary of State Henry A. Kissinger on the Middle East truce agreement and gave Kissinger further instructions for his current talks in Peking.

Interviewed Sunday on the CBS network's "Face the Nation," Acting Atty. Gen. Robert H. Bork said he saw no possibility that Nixon would fire Leon Jaworski, who replaced the dismissed Archibald Cox as special Watergate prosecutor.

In other Watergate-related developments:

—The Senate Watergate Committee plans to resume its public hearings Tuesday with testimony from officials of six companies involved in questioned contributions to Nixon's 1972 reelection campaign.

—A nationwide poll published in this week's issue of Time magazine indicated that 49 per cent of the American people want Nixon to remain in office, an 11 per cent drop from an August sampling. Those calling for his resignation rose from 20 to 29 per cent, while those favoring impeachment remained steady at 10 per cent. The other 12 per cent was undecided.

—An editorial published in student newspapers at 84 colleges and universities and sent to members of Congress today called for the President's removal from office. The editorial, drafted by the newspaper Amherst Student of Amherst College, said "the impeachment of Richard Nixon is a prerequisite to the restoration of confidence in our system of government."

Columbus Men Arrested On Narcotic Charge

Two Columbus men were arrested by city police Saturday night on a charge of illegally obtaining narcotics.

Gregory L. Fortney, 19, and James D. Wilder, 18, were booked into city jail and appeared this morning in Circleville Municipal Court on the charge. They pled not guilty and will appear Dec. 20 for a preliminary hearing. Both are in Pickaway County jail on \$10,000 bond.

Police received a call from Robert Scranton, Bingham's Drug Store, 9:24 p.m. Saturday informing them that the store had received a call from a Dr. Albert for a prescription for a narcotic drug. Scranton became suspicious of the call and notified police.

Sgt. Wes Barton contacted Lynn

Roberts, pharmacist at Risch's Drugs, but she had not been contacted. A short time later Miss Roberts called the police and informed them that she had also received a call from a Dr. Albert.

Barton told her to fill the prescription and wait for the caller. Barton went into the store while Ptl. Ray Dulin and Hugh Black waited outside in the cruiser.

When Fortney arrived at the store and picked up the prescription he was taken into custody by Barton.

Wilder, who had been outside the store in a car, left the scene but was stopped on Watt St. by Dulin and Black. He admitted knowing Fortney and both men were booked at city jail on \$10,000 bond.

A Democratic leader hinted Sunday the compromise already is in the works.

Rep. Michael De, Bane, D-56 Hubbard, said members of his bipartisan committee studying the reform bill spent the weekend reviewing suggestions for compromise, including one that Democrats accept only a percentage of labor contributions through union political action committees.

"I know the leadership has been suggesting this alternative, but we still don't know if the Republicans will accept it," Del Bane said.

Secretary of State Henry A. Kissinger may propose a treaty in which the U.S. government would guarantee to defend Israel if attacked, American officials with Kissinger in Peking reported today.

Associated Press correspondent Barry Schweid reported from the Chinese capital that such a treaty would assure Israel the permanent support of its only large ally.

But Israel also would be warned that any strike against an Arab neighbor would have to be maintained without U.S. support.

In the wake of the signing Sunday of the new cease-fire agreement Kissinger negotiated last week, Israeli and Egyptian officers met today at the ceasefire line on the west bank of the Suez Canal for negotiations to carry out the agreement.

The Egyptians were anxious to get a

corridor opened through the Israeli lines to the town of Suez and the Egyptian 3rd Army on the east bank of the canal.

The Israelis gave top priority to arranging an exchange of prisoners of war and removal of Egypt's blockade on Israeli shipping at the southern end of the Red Sea.

The cease-fire pact, worked out during U.S. Secretary of State Henry A. Kissinger's swing through the Middle East last week, was signed Sunday by Maj. Gen. Aharon Yariv, the assistant Israeli chief of staff, and Maj. Gen. Mohammed Abdul Ghani Gamazy, the second-ranking officer in the Egyptian army.

They met in a U.N. tent at Kilometer 101 on the Cairo-Suez road, 60 miles from the Egyptian capital.

It was the first formal agreement signed by Arab and Israeli representatives in a face-to-face

meeting since the 1949 armistice that ended the first Arab-Israeli war.

The new agreement calls for strict observance of the ceasefire, a supply corridor under U.N. control to the encircled Egyptian army on the south-east bank of the Suez Canal, a full exchange of prisoners of war and negotiations to determine the Oct. 22 positions to which Israeli forces are supposed to pull back.

Observers in Tel Aviv foresaw tough negotiations to determine the Israeli withdrawal.

Another difficult problem is likely to be the Egyptian blockade of Israeli shipping to and from Eilat, Israel's southern port. At Egypt's insistence, the agreement made no mention of the blockade, but Israel maintains the cease-fire agreement halts all hostilities.

Two Red Cross planes were waiting

in Cyprus for orders to fly to Tel Aviv and Cairo to begin the POW exchange.

"We have taken the first step on the long and difficult road that leads to a settlement of the conflict with our neighbors and to peace with them," said Gen. Yariv after signing the agreement for Israel.

"We are at the beginning of a new phase in our history and struggle to liberate our usurped lands," said Egypt's war minister, Lt. Gen. Ahmed Ismail.

U.S. officials in Peking with Kissinger confirmed reports that Israel and Egypt would begin indirect talks about a peace agreement in December in Geneva. They said the two delegations would be under the same roof but would not face each other at the start. Instead, intermediaries will go back and forth between them.

Congress Opens 'Energy Week'

WASHINGTON (AP) — With predictions of gasoline rationing coming again from the administration, the nation's energy crisis dominates this week's schedule of activity in Congress.

Three Senate committees called hearings for today on aspects of legislation requested by President Nixon to deal with the immediate problem.

The Public Works subcommittee on air and water pollution took up a bill by its chairman, Sen. Edmund S. Muskie, D-Maine, for temporary waiver of clean-air standards to permit prompt conversion to high-sulphur fuels, such as coal.

The Senate Commerce Committee considered a bill to return the nation to daylight saving time. Chairman Warren G. Magnuson, D-Wash., promised committee approval

Tuesday or Wednesday and possible passage by both houses of Congress by the end of the week.

The Senate Interior Committee expected to complete action by tonight on emergency legislation by its chairman, Sen. Henry M. Jackson, D-Wash., incorporating most of

President Nixon's energy-saving proposals.

The House, meanwhile, planned to take up today the compromise bill to expedite construction of the Alaska oil pipeline. Senate action is due Tuesday.

The forecast of gasoline rationing came Sunday from Secretary of the

Interior Rogers C.B. Morton. He said on the ABC program "Issues and Answers" that rationing could be a reality in the first quarter of next year and could last up to two years.

Meanwhile, Rep. Lester L. Wolff, D-N.Y., says he has asked the General Accounting Office to look into charges that American oil companies escaped Cost of Living Council regulations by shipping oil overseas for reimportation to the United States.

Senate Majority Leader Mike Mansfield, D-Mont., assigned top Senate priority, possibly beginning Tuesday, to the Jackson emergency energy bill.

The House Commerce Committee set a hearing on the emergency energy legislation for Wednesday. The committee will consider year-around daylight saving time Tuesday.

On other matters, the Senate Judiciary Committee and a House Judiciary subcommittee hold closed-door meetings Tuesday to consider legislation to authorize a special Watergate prosecutor to be appointed by the U.S. District Court.

The Senate Watergate Committee resumes hearings Tuesday, quizzing officials of seven companies involved in questioned contributions to Nixon's re-election campaign.

The Senate Rules Committee is due to complete hearings Wednesday on the nomination of Rep. Gerald R. Ford, R-Mich., to be vice president. The House Judiciary Committee begins its hearings on Thursday.

The House will recess for Thanksgiving from the close of business Thursday until Nov. 26. The Senate Thanksgiving recess is set to begin with the close of business Nov. 21.

DropCharges In Bombing At Dayton

DAYTON, Ohio (AP) — The federal government plans to drop conspiracy charges against James F. Gann, president of the Dayton-Miami Valley AFL-CIO, an assistant U.S. Attorney said.

Gann is charged with conspiring in the 1971 bombing of a Dayton car wash that was being built with non-union labor.

Gary T. Brinsfield, assistant U.S. attorney in Dayton, said he will begin today the process of asking the U.S. Justice Department to drop the indictment.

Gann, who also is business agent for Millwrights Local 1311, was scheduled to go on trial Tuesday on indictments returned last May by a federal grand jury in Cincinnati.

Difficulty with the case began Oct. 24 when a key witness, Jerry Neal Albright, was released from a jail in Leavenworth, Kan., according to Brinsfield.

Brinsfield said Albright came to the Dayton area last week and asked Gann's attorney, Cincinnati labor lawyer Arnold Morelli for \$15,000 to "keep quiet" and not testify. Later, Brinsfield said, Albright threatened Gann's children if the money was not paid.

Federal officials took Albright into custody Saturday on a material witness warrant.

"With his actions last week, any credibility he had is shot. I just can't go ahead," Brinsfield said.

Gann and two others, George P. Noble, 32, and Harold F. Stamper, 45, were charged with conspiracy in the car wash explosion in Dayton.

They were charged with buying explosives in West Virginia, taking them to Dayton and building four bombs that were exploded at the car wash.

and three Republicans adjourned last Thursday after a sharp exchange over the issue of labor union donations.

Del Bane said the committee would reconvene "probably Tuesday morning or afternoon, or by Wednesday at the latest."

Democrats have insisted that the bill keep intact the current practice of labor union members donating through union political action committees. The committees traditionally have contributed to Democrats.

Behind the insistence are the big labor leaders, notably Ohio AFL-CIO President Frank King. King has said

he favors the political action committee method because those persons are more politically oriented and know best who are the pro-labor candidates.

The attempt at a bill to curb unethical financial practices in politics began Oct. 23 with a special session of the General Assembly called by Gov. John J. Gilligan.

Both chambers that week passed separate versions of a bill, then sent them both to a joint conference committee for compromise.

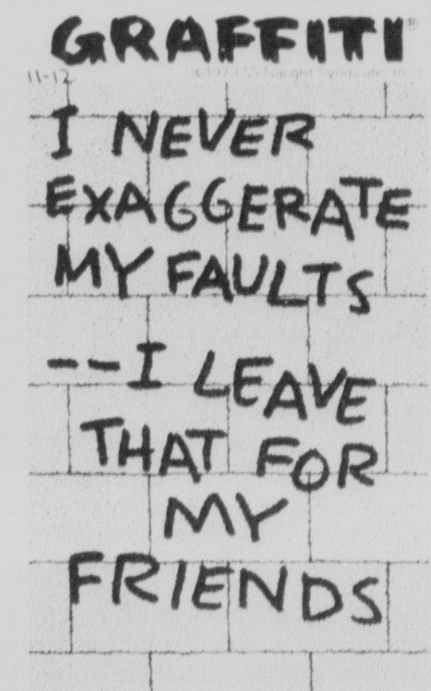

Most lawmakers have agreed only three options appear open to the committee at this time. They are:

passage of a strong reform bill, requiring compromise on both sides; passage of a weak bill, encompassing only those points on which the two parties agree; or a decision to recess without a bill, passing the buck to the whole General Assembly when it reconvenes in January.

The two sides already have agreed on several points. They are: limitations on the amounts candidates can spend and individuals can contribute; a commission to enforce campaign finance laws, and provisions against "flower funds," or employer pay docks for political contributions.

Weather

Mostly cloudy today with partial clearing by the afternoon. High, mid 50s. Partly cloudy tonight, low, mid 40s. Sunny and warmer Tuesday, high, lower 60s. Probability of precipitation, 10 per cent today, tonight and tomorrow. Temperatures Sunday were, high, 43; low, 26.

Campaign Finance Bill Sought By Legislature

COLUMBUS, Ohio (AP)—It'll be the Democrats' move this week in a bipartisan game of compromise over campaign finance reform legislation.

The Republicans played a trump card last week when they gave way to Democrats' demands that limits be set on the amounts party organizations and individuals can contribute to a candidate.

Now, it's up to the Democrats to prove they can be equally as reform-minded in giving in to Republican demands that labor union members be given free rein in contributing money to the candidate or party of their choice.

Rain, Snow In Northwest

By THE ASSOCIATED PRESS

Rain with snow at high elevations plagued the northwestern states today while most of the nation enjoyed fair weather.

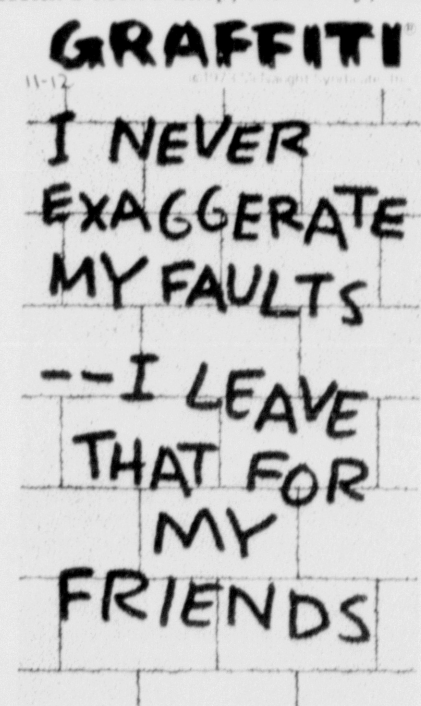

Travelers advisories were posted for northeastern California where rain was expected to change to snow. Gustly winds buffeted many parts of the Pacific Coast and gale warnings were issued for coastal areas from northern California to Washington.

A few showers dotted southern Florida and areas along the middle Atlantic Coast.

High temperatures Sunday afternoon remained about 10 degrees below normal from the Mississippi River to the middle and southern Atlantic coast.

Temperatures over the central and southern Plains and Rockies rose above normal for the season to the 60s and 70s.

The two sides already have agreed on several points. They are: limitations on the amounts candidates can spend and individuals can contribute; a commission to enforce campaign finance laws, and provisions against "flower funds," or employer pay docks for political contributions.

Markets

NEW YORK (AP) — Stock prices moved sharply lower, as analysts said investors continued to worry about petro-problems and the bleak economic outlook caused by the energy emergency.

The Dow Jones average, which skidded 24.24 lower in Friday's selling spree, plunged 15.88 more to 892.53 at noon.

Declining issues overwhelmed advances more than 4 to 1 in heavy trading on the New York Stock Exchange.

On the American Stock Exchange, the market-value index lost .63 at 103.55.

"The biggest concern of Wall Street right now is the individual effect the energy crisis will have on several industries, like leisure and travel," said Ralph Acampora of Harris, Upham & Co. "Until the problem of oil supply is solved, a cloud will hang over the market."

Analysts also said Interior Secretary Roger Morton's prediction in an interview that gas rationing would begin within two or three months depressed prices further.

'Stringbean', Wife Slain In Robbery

NASHVILLE, Tenn. (AP) — Country music star David "Stringbean" Akeman and his wife had \$5,700 in cash hidden on them when they were murdered in what was believed to be a burglary, a police source said today.

The bodies of Stringbean, a star of "Hee Haw" and the Grand Ole Opry whose sad face and funny wardrobe endeared him to country music fans, and his wife were found Sunday morning by L. M. "Grampa" Jones, a fellow country music star and a long-time friend.

The police source said a funeral home employee had found \$3,500 in Stringbean's bib overalls and \$2,200 in Mrs. Akeman's clothing.

The source said the money previously had been overlooked by investigators and apparently by the killers, who police believe were burglars surprised by Stringbean when he and his wife returned to their rural home following Saturday night's Opry.

"It looks as if Stringbean was shot after he opened the door," said detective Lt. Tom Cathey. "Mrs. Akeman was apparently shot as she tried to flee."

Jones, who drove to the Akeman home to join Stringbean on a hunting trip, said he found Mrs. Akeman's body lying beside a driveway. He said

he found Stringbean's body lying face down on the floor of his house. Nearby in the doorway lay his banjo.

Police said the three-room house had been ransacked and some of Mrs. Akeman's personal effects were missing.

Friends had said earlier that Stringbean was well off financially and often carried large sums of cash.

Stringbean was known to country music fans for his unique stage costume, an overlong shirt sewn to short trousers midway between his waist and knees. His banjo, sad face, pinched eyebrows and tattered straw hat completed the ensemble.

Stringbean's music career started at the age of 13 when he and a friend made a banjo. He left his home in Anneville, Ky., when he was 18 to tour with Lew Childre.

He came to the Opry in 1942 with Bill Monroe. He later joined the television series "Hee Haw" but maintained his close ties with the Opry and appeared there frequently. His humor was droll and soft spoken, and he was often a straight man for other stars' jokes.

Police said they were looking for two or more persons but had made no arrests. They searched Stringbean's 143-acre farm, which includes a 10-room home in which the Akemans did not live, and used dogs to retrace the steps of the assailants.

Three Persons Cited In Weekend Mishaps

Pickaway County Sheriff's Deputies investigated three injury accidents resulting in three citations.

Ted H. Riggins, 56, Mt. Sterling, was cited for driving while intoxicated, when he struck a parked car 12:05 a.m. Sunday in New Holland.

Riggins' was parked on Center Street when he backed onto North Main Street striking a car owned by Betty J. Justice, New Holland.

Sheriff's Deputy Earl Kuhn investigated the accident.

Forty-one-year-old Edward Eugene Henry, Route 1, Ringgold was cited for reckless operation when he was involved in a single-car accident on State Route 188 6 a.m. Sunday.

According to the report taken by Sheriff's Deputy Danny Dewey, Henry was traveling southeast on Route 188 when he went left of center going off the roadway.

The auto came to rest after striking a wire fence.

Four persons were injured in a single-car accident on the Circleville-

London-Northern Road 1:30 a.m. Sunday.

Sheriff's Deputy Danny Dewey cited Daniel Noah McKee, 18, Columbus for reckless operation when his car went left of center into a field.

The auto rolled over five times before coming to rest.

McKee was transported to Mt. Carmel Hospital, West, in serious condition for multiple lacerations and contusions to head and back, internal bleeding and broken pelvis. He was reported in intensive care, critical condition after surgery Sunday.

Passengers in the car receiving injuries were: Sandy Louise Moore, 16, Columbus, admitted to Berger Hospital for a broken clavical, multiple lacerations and contusions; Nina Elizabeth Sakey, 16, Columbus, admitted to Berger for multiple abrasions and contusions; Barry James Kirk, treated and released at Berger, for multiple contusions and abrasions.

Alaska Pipeline Bill Delayed By FTC Amendment Dispute

WASHINGTON (AP) — The House is nearing a vote on the Alaska Oil Pipeline bill, but the legislation is threatened by a controversy over an amendment affecting the Federal Trade Commission.

This amendment would give the FTC the power to obtain more information about the businesses it regulates.

Last Wednesday, opponents of the FTC proposal forced a delay in action on the bill, which is designed to clear the way for piping oil from Alaska's North Slope to the port city of Valdez on Alaska's southern coast.

Rep. Craig Hosmer, R-Calif., said that when the bill came up again he would move to have it sent back to a House-Senate conference committee to be stripped of the features sought by the FTC.

A vote was scheduled for today.

At issue are tacked-on amendments which would broaden the powers of the FTC and other regulatory agencies. Among other things, they would allow the agencies to conduct business

surveys without getting approval of the Office of Management and Budget.

The FTC supports this because it has been trying since 1971 to get the budget office to approve a plan under which businesses in providing statistics, would break them down by product lines.

The agency contends that International Telephone & Telegraph, for instance, is one of the nation's largest producers of bakery goods, yet the statistics it provides the government do not reflect this.

Under present procedures the budget agency seeks public comment, including the reactions of the businesses involved, on proposals such as the so-called "product line reporting." It then has the option of vetoing the proposals.

No Watergate In LBJ's Time, Lady Bird Says

WASHINGTON (AP) — Lady Bird Johnson says she doesn't think a situation like Watergate could have occurred during the Johnson administration because her husband "minded every detail as best he could."

The widow of President Lyndon B. Johnson said Sunday that Watergate "got spill-out on both parties and on all people."

"I grieve for it," she said but added: "My faith in the ultimate fabric in this country is as strong as ever."

In a television interview on Westinghouse Broadcasting Co. from the LBJ ranch in Texas, Mrs. Johnson said she was not interested in getting into politics on her own.

Open Letter

Dear Friends,

One of the advantages of the funeral directing profession is the opportunity to know the personal satisfaction of rendering a high type of essential service to humanity. Through his skill and knowledge, the funeral director can do much to ease the shock and sorrow of bereavement. Even as the clergy, he is well aware of his deep responsibility to his community.

Respectfully,

Mader Funeral Home

Markets

NEW YORK (AP) — Stock prices moved sharply lower, as analysts said investors continued to worry about petro-problems and the bleak economic outlook caused by the energy emergency.

The Dow Jones average, which skidded 24.24 lower in Friday's selling spree, plunged 15.88 more to 892.53 at noon.

Declining issues overwhelmed advances more than 4 to 1 in heavy trading on the New York Stock Exchange.

On the American Stock Exchange, the market-value index lost .63 at 103.55.

"The biggest concern of Wall Street right now is the individual effect the energy crisis will have on several industries, like leisure and travel," said Ralph Acampora of Harris, Upham & Co. "Until the problem of oil supply is solved, a cloud will hang over the market."

Analysts also said Interior Secretary Roger Morton's prediction in an interview that gas rationing would begin within two or three months depressed prices further.

'Stringbean', Wife Slain In Robbery

NASHVILLE, Tenn. (AP) — Country music star David "Stringbean" Akeman and his wife had \$5,700 in cash hidden on them when they were murdered in what was believed to be a burglary, a police source said today.

The bodies of Stringbean, a star of "Hee Haw" and the Grand Ole Opry whose sad face and funny wardrobe endeared him to country music fans, and his wife were found Sunday morning by L. M. "Grampa" Jones, a fellow country music star and a long-time friend.

The police source said a funeral home employee had found \$3,500 in Stringbean's bib overalls and \$2,200 in Mrs. Akeman's clothing.

The source said the money previously had been overlooked by investigators and apparently by the killers, who police believe were burglars surprised by Stringbean when he and his wife returned to their rural home following Saturday night's Opry.

"It looks as if Stringbean was shot after he opened the door," said detective Lt. Tom Cathey. "Mrs. Akeman was apparently shot as she tried to flee."

Jones, who drove to the Akeman home to join Stringbean on a hunting trip, said he found Mrs. Akeman's body lying beside a driveway. He said

he found Stringbean's body lying face down on the floor of his house. Nearby in the doorway lay his banjo.

Police said the three-room house had been ransacked and some of Mrs. Akeman's personal effects were missing.

Friends had said earlier that Stringbean was well off financially and often carried large sums of cash.

Stringbean was known to country music fans for his unique stage costume, an overlong shirt sewn to short trousers midway between his waist and knees. His banjo, sad face, pinched eyebrows and tattered straw hat completed the ensemble.

Police said they were looking for two or more persons but had made no arrests. They searched Stringbean's 143-acre farm, which includes a 10-room home in which the Akemans did not live, and used dogs to retrace the steps of the assailants.

Three Persons Cited In Weekend Mishaps

Pickaway County Sheriff's Deputies investigated three injury accidents resulting in three citations.

Ted H. Riggins, 56, Mt. Sterling, was cited for driving while intoxicated, when he struck a parked car 12:05 a.m. Sunday in New Holland.

Riggins was parked on Center Street when he backed onto North Main Street striking a car owned by Betty J. Justice, New Holland.

Sheriff's Deputy Earl Kuhn investigated the accident.

Forty-one-year-old Edward Eugene Henry, Route 1, Ringgold was cited for reckless operation when he was involved in a single-car accident on State Route 188 6 a.m. Sunday.

According to the report taken by Sheriff's Deputy Danny Dewey, Henry was traveling southeast on Route 188 when he went left of center going off the roadway.

The auto came to rest after striking a wire fence.

Four persons were injured in a single-car accident on the Circleville-

London-Northern Road 1:30 a.m. Sunday.

Sheriff's Deputy Danny Dewey cited Daniel Noah McKee, 18, Columbus for reckless operation when his car went left of center into a field.

The auto rolled over five times before coming to rest.

McKee was transported to Mt. Carmel Hospital, West, in serious condition for multiple lacerations and contusions to head and back, internal bleeding and broken pelvis. He was reported in intensive care, critical condition after surgery Sunday.

Passengers in the car receiving injuries were: Sandy Louise Moore, 16, Columbus, admitted to Berger Hospital for a broken clavical, multiple lacerations and contusions; Nina Elizabeth Sakey, 16, Columbus, admitted to Berger for multiple abrasions and contusions; Barry James Kirk, treated and released at Berger, for multiple contusions and abrasions.

Alaska Pipeline Bill Delayed By FTC Amendment Dispute

WASHINGTON (AP) — The House is nearing a vote on the Alaska Oil Pipeline bill, but the legislation is threatened by a controversy over an amendment affecting the Federal Trade Commission.

This amendment would give the FTC the power to obtain more information about the businesses it regulates.

Last Wednesday, opponents of the FTC proposal forced a delay in action on the bill, which is designed to clear the way for piping oil from Alaska's North Slope to the port city of Valdez on Alaska's southern coast.

Rep. Craig Hosmer, R-Calif., said that when the bill came up again he would move to have it sent back to a House-Senate conference committee to be stripped of the features sought by the FTC.

A vote was scheduled for today.

At issue are tacked-on amendments which would broaden the powers of the FTC and other regulatory agencies. Among other things, they would allow the agencies to conduct business

surveys without getting approval of the Office of Management and Budget.

The FTC supports this because it has been trying since 1971 to get the budget office to approve a plan under which businesses in providing statistics, would break them down by product lines.

The agency contends that International Telephone & Telegraph, for instance, is one of the nation's largest producers of bakery goods, yet the statistics it provides the government do not reflect this.

Under present procedures the budget agency seeks public comment, including the reactions of the businesses involved, on proposals such as the so-called "product line reporting." It then has the option of vetoing the proposals.

Ashville Man Receives Burns In Explosion

Twenty-one-year-old Larry Dixon, Ashville, received first and second degree burns about the face and eyes and a lacerated skull when he was struck by a cast iron furnace door, when the furnace exploded 3:52 p.m. Saturday.

According to the report taken by Sheriff's Deputy Billy Huffman, a gas furnace in the basement of the Hewitt Crumley residence, Route 1, Ashville, had apparently filed with gas, and blew the door off the furnace.

The Harrison Township Fire Department assisted in the incident. Dixon was taken to University Hospital, Columbus.

Open Letter

Dear Friends,

One of the advantages of the funeral directing profession is the opportunity to know the personal satisfaction of rendering a high type of essential service to humanity. Through his skill and knowledge, the funeral director can do much to ease the shock and sorrow of bereavement. Even as the clergy, he is well aware of his deep responsibility to his community.

Dear Abby:

By Abigail Van Buren

Mom's double-trouble

DEAR ABBY: I have two daughters who are pregnant and not married. One is 15, and the other is 18. The 15 year old is just entering 10th grade, and I don't want her to marry so young. I think she should finish high school first. The boy is 18, and plans on going to college. I spoke with his mother, and she said after the baby comes, if it looks like her son, MAYBE he will marry my daughter.

The 18 year old is expecting first. Her boy friend said he didn't have any plans for marriage right now because he has five more car payments to make, but when he is free and clear he will pay something toward the baby's support. Meanwhile, he hardly ever comes around anymore, but he's been seen out with other girls. My daughter is so dumb, she thinks he will marry her when he's out of debt.

Now that you have the facts, here is my question: Do you think I should give my daughters baby showers?

UNDECIDED
DEAR UNDECIDED: It isn't proper for a close member of the family to give showers. They are usually given by friends.

DEAR ABBY: My mother was a young widow with three children when she remarried. Abby, not all men can accept stepchildren as their own. My stepfather has been good to me (the only girl) but he's been awfully hard on the boys. One ran away years ago, but the other is sticking it out until he finishes school. Mom and I have always tried to give the boys lots of love to make up for the lack of fatherly love.

Gilligan's Cabinet Major Users Of Gasoline

COLUMBUS, Ohio (AP) — Members of Gov. John J. Gilligan's cabinet are major gasoline users on the state payroll.

Most of them drive late model Chryslers and other makes that go heavy on fuel, an Associated Press survey showed.

Gilligan, himself, has a leased Lincoln Continental, but says he plans to switch to a smaller car when the lease expires at the end of the month.

The governor is ordering all state agencies to change to compact cars, but the directors and others with big autos now apparently will keep them until trade-in time at 60,000 miles.

Environmental Protection Agency Director Ira Whitman makes the rounds in a 1973 Chrysler. Others with the same make include Health Director John Cashman, Budget and

Southeast Ohio Water Supplies Found 'Unsafe'

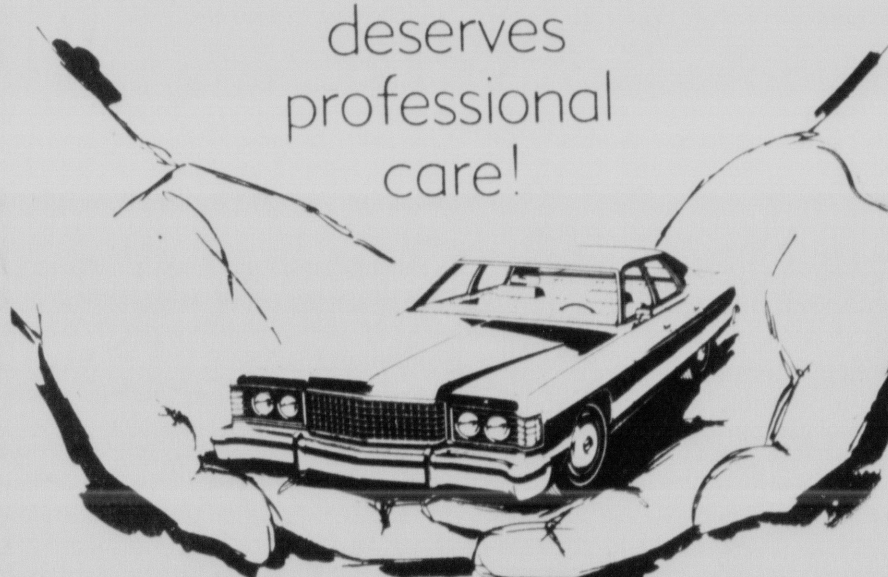

COLUMBUS, Ohio (AP)—The Ohio Department of Health says a survey of individually-owned water supplies in seven southeastern counties shows at least half those tested are unsafe.

Dr. John W. Cashman, Ohio's director of health, said homeowners with water sources determined unsafe are being advised on ways to resolve the problems.

He said the study, which did not encompass public water supplies, was conducted in Athens, Gallia, Hocking, Jackson, Lawrence, Meigs and Vinton counties.

Cashman said the survey will result in a "long range plan of providing a constant and ample supply of safe water . . ."

Steel Situation Tightens; Fuel Shortage One Factor

CLEVELAND, Ohio (AP)—Industry Week magazine said today threatened production cutbacks because of fuel shortages could be one factor in the increasingly tight steel supply situation.

IW said that is just one of several "situations" which are developing "that appear likely to reduce the availability of steel while record high demand continues."

"If you think this has been a tough year to get steel, brace yourself for 1974," the business publication warned industry executives.

For one thing, IW said, the nation's steel mills probably won't be able to keep up the present torrid pace of production.

"Several major U.S. steel companies have blast furnace relining programs and other types of maintenance that can't be delayed beyond next year. As a result, some companies will be unable to make as much raw steel in 1974 as they will have made in 1973."

And even if production continues high, 1974 shipments from steel mills will be at least six million net tons short of the 110 million net tons projected for this year. That is because this year's total includes about six million tons of in-plant inventory

which mills "have been unable to rebuild because demand exceeds production capability."

"Without inventories to draw upon, the most that the industry could ship would be 104 million tons—if it is free from production interruptions, and it may not be."

Another factor, IW said, is the "steel industry's inability, because of price controls, to raise prices to a level which would cover cost increases." Because of this, producers are "emphasizing more profitable products and dropping off or deemphasizing less profitable items."

"Thus, some users of specific, low-profit products face an extremely critical steel supply situation."

In addition, steel production cut-

backs "are possible" because of fuel shortages, the magazine said.

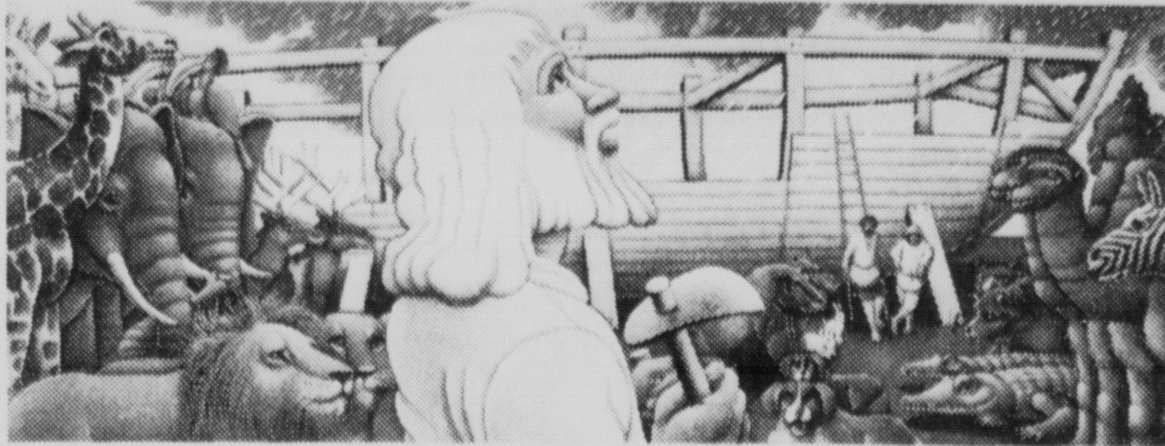

"Like most of industry, mills face serious energy problems. If the winter is severe and there are further natural

gas cutbacks, it's questionable whether steel companies—under new federal allocations—will be able to obtain needed fuel oil for reheating furnaces."

However, Mom is now destroying the child she's trying to protect. He can't get up in the morning himself, so she wakes him four or five times and has breakfast waiting for him. He's refinanced when he overspends, and Mon runs all his errands—the latest being payment of a traffic ticket. (He didn't even say "thank you.")

I am seven years older than this brother, self-supporting, and live in the same town. I would like to see the kid allowed to mature. I know he would, if Mom would only let him. Watching her wait on him constantly infuriates my stepfather. If I say anything to Mom, she says I'm jealous. I don't think I am. I am only concerned because the boy will be 20 next month and he's incredibly immature and irresponsible. I'd do anything to get my mother off his neck. Should I talk to a friend she respects? We have no clergyman.

BIG SISTER
DEAR SIS: Yes! If the friend makes as much sense as you do.

CONFIDENTIAL (AND MANY THANKS) to all who wrote to inform me that the poem I was trying to track down is: "Which the Chicken, Which the Egg." And it goes like this:

"He drinks because she scolds, he thinks,

She thinks she scolds because he drinks,

And neither will admit what's true, That he's a sot and she's a shrew." (Ogden Nash)

A Page Of Opinion

Focus On Alcoholism

America's most widespread disease remains largely untreated despite contributing to one-half the nation's highway fatalities, a large number of homicides and other crimes and as many as one-third of the suicides. It also takes an economic toll which runs into many billions of dollars annually.

Alcoholism is treatable,

which makes its damage inexcusable. The problem has been recognized for generations, though with changing attitudes toward the alcoholic. But at this relatively enlightened stage of knowledge about the disease and its consequences, there is still little recognizable support from the public for a concerted effort to reduce its impact.

But there are authorities who are convinced it is time the problem of the alcoholic is met

headon. One is Dr. Morris E. Chafetz, director of the National Institute on Alcohol

Abuse, who reminds us that alcoholism "dwarfs, and by orders of magnitude, outstrips the combined effects of misuse of all other drugs of abuse."

Classroom Economics

Economics is one major course of study which has received short shrift in the American education system for many years. It is strange that should be the case because few of education's other basic tools—with the possible exception of vocabulary and mathematics—are so widely employed in everyday activities.

Consumers employ economic principles, unknowingly in many instances, every time they make a purchase. Those

same principles are involved in every step of industries' affairs, from sales to manufacturing. Economic problems rank among the most pressing high government officials and diplomats must deal with.

But until relatively recently, economics was a subject which was ignored by many educators and disdained by many students when it was offered. Part of the problem always has been fear of the unknown. A teacher whose own

training in economics was limited may be reluctant to broach the subject.

Gradually, that fear is eroding. An increasing number of school districts are including economics in curriculums in the elementary grades where simple instructions and parallels to common incidents can make the subject not only understandable but exciting.

It is about time. Economic illiteracy is a hazard to a nation's health.

Keep Our President

By JOHN CHAMBERLAIN

So President Nixon should resign. Given the cockeyed pace of events in Washington, I wouldn't be surprised to see him out of office by the time this column can be sent through the mails. U.S. House of Representatives Speaker Carl Albert, of course, would be the President—the delay in confirming Jerry Ford as Vice President would take care of that. Albert, who has a positive dread of being tapped by History for White House duty, could have a fatal stroke or something (I'm not wishing it on him, I'm only trying to extrapolate the succession of present lunacies into the future), and Senator Jim Eastland would be sworn in as our Chief Executive. At this point, it would be good night to detente with the Soviets (Eastland doesn't want to get along with Moscow). Georgia's Lester Maddox will be in line to succeed Kissinger as Secretary of State, and you take it from there.

Even if Jerry Ford could be confirmed as Vice President before the New York Times, Time magazine, the Atlanta Journal, the Denver Post, and Bill Buckley's National Review have succeeded in getting Richard Nixon to take a job as real estate loan expert in Bebe Rebozo's bank, the disruption of our national psyche could be catastrophic. It is not just a question of disposing of a President who has lost his sense of timing when it comes to defending himself against his domestic critics. The ousting of Nixon would reduce the U.S. republic, in which the voters are entitled to take counsel with themselves every four years, into something on the order of Chile or the Argentine, or Venezuela in the days before President Betancourt established an all-time record by being the first elected Venezuelan chief executive ever to complete his term.

We have been tending that way for some time now. The students, taking a tip from banana-republic politics, formed a campus anvil chorus that enabled a lot of self-righteous flaks for Eugene McCarthy to push Lyndon Johnson into retirement and sabotage Hubert Humphrey's Presidential

campaign. The gang in the streets of Chicago gave us Nixon, and what the gang giveth, its spiritual successors can take away.

From now on no President of the United States will be permitted to finish out a term if he fails to please the New York Times and the anchor men of the big TV studios. Hell hath no fury like a broadcaster scorned. In a federal republic of 50 states, all of which have some local autonomy, a coup d'etat on the Latin American order is impossible. The Army can hardly take over while 50 National Guard units patrol the state capitals. But there are substitutes for a Seven Days in May seizure of the Oval Room in Washington, D.C.

LBJ was howled into retirement. Nixon, in turn, is being howled into a state of mind (and emotions) in which he could be brought to say to hell with it all.

But really, what has he done that is ground for impeachment? Plenty, perhaps, but if it happens to be true that he is guilty of crimes, we do not yet know (as of the moment of writing this column) just what the crimes are. Nixon has been stupid in his press relations, but this is not a punishable offense. He has been a deplorable judge of character, but so were Presidents U. S. Grant and Warren Gamaliel Harding. He hasn't been able to get along with the Senate Foreign Relations Committee, but Woodrow Wilson did a worse job with the Senate when he was trying to sell the country on the Covenant of the League of Nations. Herbert Hoover had his Phase I and Phase II when he jumped from laissez faire to full power for the Reconstruction Finance Corporation and the Farm Board, but the nation and its press magnanimously let him finish out his term. The voters put Nixon in office for a second four-year term, and if the U.S. is to keep its Presidential system it is the voters who are entitled to pick his successor.

I haven't liked Nixon's domestic policies, and I have my fingers crossed on Kissinger and detente. If there were

to be an election tomorrow, and Senator Henry Jackson of the State of Washington were the Democratic Presidential candidate I'd gladly toss him in my Republican credentials to vote for the sagacious Scoop. But until he has been proved guilty of a crime Richard Nixon should be allowed his three more years in office. There could be a penalty in this, but it would be a worse penalty if the U.S. were to descend even for high-minded reasons to the politics of a Uganda or a Bolivia. I wasn't born in a banana republic, and I won't want to die in one. Please, Mr. Richard Nixon, won't you stick it out?

Priceless Windows Are Stolen

CLEVELAND, Ohio (AP)—Cleveland police said a crew of thieves chiseled Tiffany stained glass windows worth up to \$150,000 from an East Side church this weekend.

The more than 184 square feet of glass was carried in sections from the church, over a seven-foot barbed wire fence and into an adjacent parking lot where the trail disappeared.

The window glass had been donated to the Humanist Fellowship of Liberation Church more than 50 years ago, church officials said.

The theft was reported Sunday morning by a church sextant who lives in the basement. Police said the man told officers he didn't hear a thing during the night.

Police said four 4-by-12-foot windows and three smaller ones were involved in the theft. Four other large windows on another side of the church were not touched, officers said.

Church officials, who said they had planned to sell the windows to finance remodeling of the church, placed the \$150,000 price tag on the stained glass, some of it signed with Louis Tiffany's own script.

But a local art dealer, Edward A. Hinkle, said the real value might be higher.

Speaking Of Your Health

by Lester L. Coleman, M.D.

My wife is buying a new cosmetic cream which she is sure will straighten out her wrinkles.

It contains collagen. Is this a hormone and can it do any harm?

Mr. T.B.V., Mich.

Dear Mr. V.:

Collagen is a new wrinkle for old wrinkles. This substance is not a hormone, but a protein derived from connective tissue in animals.

Collagen is present in humans and is referred to as "collagen diseases." This substance is not dangerous when applied to the skin as a cosmetic. Its greatest danger is to your pocketbook.

You'll have to reconcile yourself to the fact that some cosmetic manufacturers have a tendency to come up with new and exotic ingredients to tempt glibbly women who are constantly seeking new methods of rejuvenation.

Hormones have been banned from cosmetics, and rightfully so, because they can be absorbed through the skin and cause side-effects in some people.

Since hope springs eternal in the human breast, I am afraid you are fighting a lost cause.

Skin changes due to aging or overexposure to the sun are not easily eliminated. There are advantages to moisturizing and lubricating creams, but watch out for the "miracle" types.

I have noticed that whenever my daughter is exhausted from social

overactivity she comes down with a cold.

She denies this. Do you think that there is any relationship between the two?

Mrs. L.E.W., Del.

Dear Mrs. W.:

There is no doubt that people who are markedly fatigued are more vulnerable and susceptible to upper respiratory infections. The body defenses and resistance are lowered during these periods.

A rather interesting explanation was made by Dr. Everett C. Hughes, of the University of Southern California. He noted that immunoglobulin A, a protective substance in the mucous membrane of the nose, was diminished during periods of special fatigue. It is therefore suspected that this may be the reason that the body's defenses against attacks by cold viruses are intimately related to periods of exhaustion.

Isn't it true that the heavier you are the more you need extra calories to sustain yourself?

Miss R. R., Tex.,

Dear Miss R.:

The American Medical Association released a tidbit of information about this that should answer your question.

It suggested that most adults need about 15 calories per pound of their body weight to maintain that weight.

However, if you are overweight why do you want to maintain the extra poundage?

Business World

By JOHN CUNNEIFF
AP Business Analyst

NEW YORK (AP) — As a barometer of economic and business activity, the stock market's record isn't outstanding. Its needle sometimes points to sunshine and rain follows. It falls, but the economic weather improves.

But when you see those averages mired in the same low range for between 5 and 10 years, you must conclude the barometers are rusty or the weather really is bad.

The likelihood is that the barometers, although perhaps faulty, aren't the primary reason for those low readings. They hardly could be wrong together.

The Dow Jones industrial average is back to where it was in 1966.

The Standard & Poor's 500-stock composite is only a bit higher than it was in 1968.

The New York Stock Exchange composite index is below its 1968 reading.

The Value Line unweighted average of 1,470 stocks has fallen to 1963 levels.

More than that, the new rules confront business with limitations it cannot understand.

Incredible as it may sound, growth could become a dirty word, particularly if it uses up too much energy or pollutes or reduces the supply of essential materials.

How does a businessman, reared to believe uncritically in the goodness of growth, use all his aggressive instincts in pursuit of restraint? How does he explain it to stockholders? How will stockholders respond?

It is these questions that lie at the base of the problem. Even before the full definition of the energy crisis sank into public awareness, investors were concerned about profits.

Various analysts have noted that while profits reached record highs, they might have included an illusion. They were inflated by inventory buying that will reduce future sales. They failed to account for deterioration of plants.

But now they realize that no growth or slow growth is far more meaningful. The market's product is growth. Without growth there isn't a product.

The age of shortage has arrived in the land of plenty. The acquisitive demands and the insistence on spending that have been bred into Americans has produced enormous

consumption — and now shortages.

The selloff last Friday, in which the DJ industrial average sank 24.24 points to 908.41, provided more than a clue as to what bothers the market. The message was that the country was short of energy, and energy is synonymous with profit.

Rarely, in fact, have the ups and downs of the market in recent months been so clearly attributable to one cause. Almost always there were multiple factors. But on Friday there was one big reason.

Recognition of what an energy shortage means to the American economy is only gradually being absorbed by the consciousness. Everyone knows it might mean rationing, automobile bans, cold apartments. But it means much more.

Just as the closing of the frontier, as described by Prof. Frederick Jackson Turner, caused America to reach a historic, reflective level of maturity, the end of plentiful resources is another watershed.

It signifies the end of easy, profitable exploitation. Gradually the public is realizing that an economy cannot operate by digging holes and not refilling them, dumping waste in its drinking water, destroying without replenishing.

For business, the complexities grow, and so do the costs. It costs dearly to observe the rules of conservation and community rights.

Americans are collecting almost anything, but not stocks. You can sit in an antique chair but not in stocks; you can't ride stocks, you can't use them for shelter, you wouldn't want to hang them on your walls.

The primary — and almost the lone — reason for buying stock is to raise your level of living. And if stocks aren't likely to do that, you won't find people buying them.

Rev. Gill Dies

WASHINGTON (AP) — The Most Rev. Thomas E. Gill, 65, auxiliary Roman Catholic bishop of Seattle, Wash., died Sunday night as he arrived for the annual bishops' meeting in Washington. He was ordained in 1933 and had been a bishop 17 years.

They'll Do It Every Time

A Page Of Opinion

Focus On Alcoholism

America's most widespread disease remains largely untreated despite contributing to one-half the nation's highway fatalities, a large number of homicides and other crimes and as many as one-third of the suicides. It also takes an economic toll which runs into many billions of dollars annually.

Alcoholism is treatable, which makes its damage inexcusable. The problem has been recognized for generations, though with changing attitudes toward the alcoholic. But at this relatively enlightened stage of knowledge about the disease and its consequences, there is still little recognizable support from the public for a concerted effort to reduce its impact.

But there are authorities who are convinced it is time the problem of the alcoholic is met headon. One is Dr. Morris E. Chafetz, director of the National Institute on Alcohol Abuse, who reminds us that alcoholism "dwarfs, and by orders of magnitude, outstrips the combined effects of misuse of all other drugs of abuse."

Classroom Economics

Economics is one major course of study which has received short shrift in the American education system for many years. It is strange that should be the case because few of education's other basic tools—with the possible exception of vocabulary and mathematics—are so widely employed in everyday activities.

Consumers employ economic principles, unknowingly in many instances, every time they make a purchase. Those same principles are involved in every step of industries' affairs, from sales to manufacturing. Economic problems rank among the most pressing high government officials and diplomats must deal with.

But until relatively recently, economics was a subject which was ignored by many educators and disdained by many students when it was offered. Part of the problem always has been fear of the unknown. A teacher whose own training in economics was limited may be reluctant to broach the subject.

Gradually, that fear is eroding. An increasing number of school districts are including economics in curriculums in the elementary grades where simple instructions and parallels to common incidents can make the subject not only understandable but exciting.

It is about time. Economic illiteracy is a hazard to a nation's health.

Keep Our President

By JOHN CHAMBERLAIN

So President Nixon should resign. Given the cockeyed pace of events in Washington, I wouldn't be surprised to see him out of office by the time this column can be sent through the mails.

U.S. House of Representatives Speaker Carl Albert, of course, would be the President—the delay in confirming Jerry Ford as Vice President would take care of that. Albert, who has a positive dread of being tapped by History for White House duty, could have a fatal stroke or something (I'm not wishing it on him, I'm only trying to extrapolate the succession of present lunacies into the future), and Senator Jim Eastland would be sworn in as our Chief Executive. At this point, it would be good night to detente with the Soviets (Eastland doesn't want to get along with Moscow). Georgia's Lester Maddox will be in line to succeed Kissinger as Secretary of State, and you take it from there.

Even if Jerry Ford could be confirmed as Vice President before the New York Times, Time magazine, the Atlanta Journal, the Denver Post, and Bill Buckley's National Review have succeeded in getting Richard Nixon to take a job as real estate loan expert in Bebe Rebozo's bank, the disruption of our national psyche could be catastrophic. It is not just a question of disposing of a President who has lost his sense of timing when it comes to defending himself against his domestic critics. The ousting of Nixon would reduce the U.S. republic, in which the voters are entitled to take counsel with themselves every four years, into something on the order of Chile or the Argentine, or Venezuela in the days before President Betancourt established an all-time record by being the first elected Venezuelan chief executive ever to complete his term.

We have been tending that way for some time now. The students, taking a tip from banana-republic politics, formed a campus anvil chorus that enabled a lot of self-righteous flaks for Eugene McCarthy to push Lyndon Johnson into retirement and sabotage Hubert Humphrey's Presidential campaign. The gang in the streets of Chicago gave us Nixon, and what the gang giveth, its spiritual successors can take away.

From now on no President of the United States will be permitted to finish out a term if he fails to please the New York Times and the anchor men of the big TV studios. Hell hath no fury like a broadcaster scorned. In a federal republic of 50 states, all of which have some local autonomy, a coup d'etat on the Latin American order is impossible. The Army can hardly take over while 50 National Guard units patrol the state capitals. But there are substitutes for a Seven Days in May seizure of the Oval Room in Washington, D.C.

LBJ was howled into retirement. Nixon, in turn, is being howled into a state of mind (and emotions) in which he could be brought to say to hell with it all.

But really, what has he done that is ground for impeachment? Plenty, perhaps, but if it happens to be true that he is guilty of crimes, we do not yet know (as of the moment of writing this column) just what the crimes are. Nixon has been stupid in his press relations, but this is not a punishable offense. He has been a deplorable judge of character, but so were Presidents U. S. Grant and Warren Gamaliel Harding. He hasn't been able to get along with the Senate Foreign Relations Committee, but Woodrow Wilson did a worse job with the Senate when he was trying to sell the country on the Covenant of the League of Nations. Herbert Hoover had his Phase I and Phase II when he jumped from laissez faire to full power for the Reconstruction Finance Corporation and the Farm Board, but the nation and its press magnanimously let him finish out his term. The voters put Nixon in office for a second four-year term, and if the U.S. is to keep its Presidential system it is the voters who are entitled to pick his successor.

I haven't liked Nixon's domestic policies, and I have my fingers crossed on Kissinger and detente. If there were to be an election tomorrow, and Senator Henry Jackson of the State of Washington were the Democratic Presidential candidate I'd gladly toss in my Republican credentials to vote for the sagacious Scoop. But until he has been proved guilty of a crime Richard Nixon should be allowed his three more years in office. There could be a penalty in this, but it would be a worse penalty if the U.S. were to descend even for high-minded reasons to the politics of a Uganda or a Bolivia. I wasn't born in a banana republic, and I won't want to die in one. Please, Mr. Richard Nixon, won't you stick it out?

Priceless Windows Are Stolen

CLEVELAND, Ohio (AP)—Cleveland police said a crew of thieves chiseled Tiffany stained glass windows worth up to \$150,000 from an East Side church this weekend.

The more than 184 square feet of glass was carried in sections from the church, over a seven-foot barbed wire fence and into an adjacent parking lot where the trail disappeared.

The window glass had been donated to the Humanist Fellowship of Liberation Church more than 50 years ago, church officials said.

The theft was reported Sunday morning by a church sextant who lives in the basement. Police said the man told officers he didn't hear a thing during the night.

Police said four 4-by-12-foot windows and three smaller ones were involved in the theft. Four other large windows on another side of the church were not touched, officers said.

Church officials, who said they had planned to sell the windows to finance remodeling of the church, placed the \$150,000 price tag on the stained glass, some of it signed with Louis Tiffany's own script.

But a local art dealer, Edward A. Hinkle, said the real value might be higher.

Today In History

Today is Monday, Nov. 12, the 316th day of 1973. There are 49 days left in the year.

Today's highlight in history:

On this date in 1941, during World War II, the Soviets halted German invaders at the outskirts of Moscow.

On this date —

In 1812, Napoleon Bonaparte's army reached the Russian city of Smolensk in its retreat from Moscow.

In 1866, the founder of the Chinese republic, Dr. Sun YatSen, was born near Macao.

In 1927, Joseph Stalin became the dictator of the Soviet Union as Leon Trotsky was expelled from the Communist party.

In 1937, the Japanese captured and occupied Shanghai.

In 1948, a war crimes court in Japan sentenced former Japanese Premier Hideki Tojo and six other Japanese war leaders to death.

In 1964, Grand Duchess Charlotte of Luxembourg abdicated in favor of her son after a 45-year reign.

Ten years ago: The United States announced new travel restrictions on diplomats and other visitors from Communist countries.

Five years ago: Presidentelect Richard M. Nixon visited President Johnson at the White House.

One year ago: A federal examiner concluded that poor mine safety practices contributed to a mine disaster in Kellogg, Idaho, in which 91 persons died.

Today's birthdays: Princess Grace of Monaco is 44. Actress Kim Hunter is 51.

Thought for today: Enough is enough, and too much spoils — Italian proverb.

Rhodes Election Bid; Rips Gilligan

COLUMBUS, Ohio (AP)—The administration of Democratic Gov. John J. Gilligan "will have to run on their record, not away from it" in the campaign for the statehouse, former Gov. James A. Rhodes declared Saturday.

Rhodes told about 2,000 supporters at a fund-raising brunch that he will use "waste" in the Gilligan administration as a major target in his effort to regain the governor's office for Ohio Republicans in 1974.

His slogan will be, "Let's hear it for the taxpayers," he said.

Rhodes promised to explore "the issues in general," but said vocational education and highway construction were two areas which have "withered" under the Democrats.

Many faces in the late morning crowd were familiar from the period 1963-1970 when Rhodes occupied the statehouse. The state constitution prevented him from seeking a third consecutive term.

Several GOP Congressmen and members of the state legislature shared the stage with the former governor. One was State Sen. Howard C. Cook, R-1 Toledo, a candidate for lieutenant governor.

Others were Senate Republican leader Theodore M. Gray, R-3 Columbus, and U.S. Reps. Ralph S. Regula of Navarre, Clarence J. Brown of Urbana and John Ashbrook of Johnstown.

Also attending was former Republican state chairman John S. Andrews.

Strike Ends At Western Electric

COLUMBUS, Ohio (AP) — A spokesman for Local 2020 of the International Brotherhood of Electrical Workers says the union and the Western Electric Company have reached a compromise ending the local's week-long wildcat strike against WEC's Columbus plant.

Tony Buccella, a negotiator for the union says he and executives met with members Sunday night and directed them to return to work. He said he had been told the Sunday night shift was pretty well filled out and that things at the Columbus plant were returning to normal.

Buccella said the company had agreed to reinstate wage incentive earnings withheld from cable formers at the plant in October. A company spokesman said wages had dropped about 2.8 per cent for the men in October from September earnings.

The union negotiator said Western Electric has agreed to grant amnesty to all workers who did not show up during the strike. Employees who did work will be given credit points under the company's controversial absence control plan. Those who stayed out will not receive negative points.

Buccella says Western Electric also has agreed to arbitrate the absence control plan and the union has dropped a lawsuit pending in federal court against the plan.

He went on to explain that some union members resented the fact that the whole plan was not done away with. Buccella said the real test of the compromise would come Monday morning. He said some "disgruntled union members might try to establish picket lines" at the plant.

Man, Daughter Share Reading

BATAVIA, Ohio (AP) — Love between a father and his daughter has broken down the barriers to reading and opened up a world of words for both.

A 31-year-old self-employed mechanic in Clermont County and his 8-year-old daughter have worked together in the past 18 months to solve their mutual inability to read.

The father and daughter are "two wonderfully interlocking circles," said Betty Larmore, special reading instructor in the Northeastern Local school system. They helped each other to read and expand their learning capabilities, she said.

The father avoided questions about his family's story.

But Mrs. Larmore said, "It's an unusually neat story."

"The daughter really identifies with her father. She idolizes him, and she wasn't going to do anything he couldn't do. She did not want to embarrass him."

One thing her father could not do was read.

Mrs. Larmore said the mechanic could read some of his shop manuals and pick out parts, but he couldn't read newspapers, magazines and books. She said the father didn't see himself as a reader.

Parachutist Notes Birthday

COLUMBUS, Ohio (AP) — Rudy Samples came up with a unique way of celebrating his birthday Sunday. He jumped out of an airplane—not once, not twice but 40 times.

Samples is president of the Columbus Sport Parachute Club and he decided to celebrate his 40th birthday by making a jump for each year of his life. He will be 41 next year.

The 40 consecutive jumps took a little over eight hours. Samples had a pilot always standing by and seven fellow parachutists constantly packing rigs for him.

"When I first tested the girl in September 1972 as a secondgrader, she recognized a few basic sight words and was barely able to read a pre-primer. Yet diagnostic testing the previous spring had indicated an IQ of 127. (An IQ of 100 is average.)"

"I found out that she did not see herself as a reader either. 'I can't' was a familiar comment."

Mrs. Larmore, the girl's second grade teacher, and the parents met numerous times to find a solution to the youngster's dilemma.

During the conferences, it was

discovered the father had dropped out of elementary school at midpoint with only limited reading skills. And over the years, those skills deteriorated.

"We felt there was some connection between this and the girl's casual acceptance of her inability to read," Mrs. Larmore said. "With some coaxing, the father agreed to enroll in the local adult basic education course."

She said the father was reluctant to take the step because "he didn't make the connection. But after he returned to school, he could see the difference in his daughter."

"As daddy progressed, his daughter began to borrow books for them to read together. Her father would read a page and then his daughter would read one."

"And as Tammy began making noticeable progress, her father became more determined than ever to continue with his night classes. The girl in turn could sense this and worked harder."

Mrs. Larmore said, "We usually don't get such dramatic results. She went from not being able to read anything to reading anything we handed her."

The man's wife said the two still share the reading of books in the evening. And she said, "They have a lot more self-confidence."

Strike Ends At Western Electric

COLUMBUS, Ohio (AP) — A spokesman for Local 2020 of the International Brotherhood of Electrical Workers says the union and the Western Electric Company have reached a compromise ending the local's week-long wildcat strike against WEC's Columbus plant.

Tony Buccella, a negotiator for the union says he and executives met with members Sunday night and directed them to return to work. He said he had been told the Sunday night shift was pretty well filled out and that things at the Columbus plant were returning to normal.

Buccella said the company had agreed to reinstate wage incentive earnings withheld from cable formers at the plant in October. A company spokesman said wages had dropped about 2.8 per cent for the men in October from September earnings.

The union negotiator said Western Electric has agreed to grant amnesty to all workers who did not show up during the strike. Employees who did work will be given credit points under the company's controversial absence control plan. Those who stayed out will not receive negative points.

Buccella says Western Electric also has agreed to arbitrate the absence control plan and the union has dropped a lawsuit pending in federal court against the plan.

He went on to explain that some union members resented the fact that the whole plan was not done away with. Buccella said the real test of the compromise would come Monday morning. He said some "disgruntled union members might try to establish picket lines" at the plant.

Man, Daughter Share Reading

BATAVIA, Ohio (AP) — Love between a father and his daughter has broken down the barriers to reading and opened up a world of words for both.

A 31-year-old self-employed mechanic in Clermont County and his 8-year-old daughter have worked together in the past 18 months to solve their mutual inability to read.

The father and daughter are "two wonderfully interlocking circles," said Betty Larmore, special reading instructor in the Northeastern Local school system. They helped each other to read and expand their learning capabilities, she said.

The father avoided questions about his family's story.

But Mrs. Larmore said, "It's an unusually neat story."

"The daughter really identifies with her father. She idolizes him, and she wasn't going to do anything he couldn't do. She did not want to embarrass him."

One thing her father could not do was read.

Mrs. Larmore said the mechanic could read some of his shop manuals and pick out parts, but he couldn't read newspapers, magazines and books. She said the father didn't see himself as a reader.

Parachutist Notes Birthday

COLUMBUS, Ohio (AP) — Rudy Samples came up with a unique way of celebrating his birthday Sunday. He jumped out of an airplane—not once, not twice but 40 times.

Samples is president of the Columbus Sport Parachute Club and he decided to celebrate his 40th birthday by making a jump for each year of his life. He will be 41 next year.

The 40 consecutive jumps took a little over eight hours. Samples had a pilot always standing by and seven fellow parachutists constantly packing rigs for him.

"When I first tested the girl in September 1972 as a secondgrader, she recognized a few basic sight words and was barely able to read a pre-primer. Yet diagnostic testing the previous spring had indicated an IQ of 127. (An IQ of 100 is average.)"

"I found out that she did not see herself as a reader either. 'I can't' was a familiar comment."

Mrs. Larmore, the girl's second grade teacher, and the parents met numerous times to find a solution to the youngster's dilemma.

During the conferences, it was

Statement of Nondiscrimination
"South Central Power Company, P. O. Box 250, Lancaster, Ohio 43130, has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization."

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, be himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

discovered the father had dropped out of elementary school at midpoint with only limited reading skills. And over the years, those skills deteriorated.

"We felt there was some connection between this and the girl's casual acceptance of her inability to read," Mrs. Larmore said.

"With some coaxing, the father agreed to enroll in the local adult basic education course."

She said the father was reluctant to take the step because "he didn't make the connection. But after he returned to school, he could see the difference in his daughter."

"As daddy progressed, his daughter began to borrow books for them to read together. Her father would read a page and then his daughter would read one."

"And as Tammy began making noticeable progress, her father became more determined than ever to continue with his night classes. The girl in turn could sense this and worked harder."

Mrs. Larmore said, "We usually don't get such dramatic results. She went from not being able to read anything to reading anything we handed her."

The man's wife said the two still share the reading of books in the evening. And she said, "They have a lot more self-confidence."

MR. AND MRS. SAMUEL PARKER

Barnhart-Parker Wedding Vows Read In Kingston Church

The wedding of Miss Judy Barnhart and Mr. Samuel Parker took place 6:30 p.m. Oct. 12th in Kingston Presbyterian Church. The bride is the daughter of Mr. and Mrs. Charles Barnhart of Whisler and the bridegroom is the son of Mr. Charles Eugene Parker, also of Whisler and the late Mrs. Wavelene Parker.

The Rev. Wayne Wardwell performed the double ring ceremony before the altar decorated with vases of white daisies and yellow asters. A program of nuptial selections by Mrs. Martha Hohnenstien, organist and Mr. Roger Allen, vocalist, preceded the ceremony.

The bride was given in marriage by her father and mother. She selected for her wedding a white organza and cluny lace gown over satin. The empire bodice featured a lace cameo collar and long shepherdess sleeves and the full skirt flowed gracefully to formal length.

The bride's chapel length veil of silk illusion edged in lace was worn madonna style. She carried a bouquet of white daisies and yellow sweetheart roses with fern and yellow and white ribbon. Her only jewelry was a gold cross necklace, a gift of the bridegroom.

Mrs. Rick Chaffin served as matron of honor for her friend, she wore a flowered crepe multi-colored floor length gown accented with a green satin ribbon at the empire waistline.

Miss Brenda Barnhart, sister of the bride and Miss Debbie Penwell were bridesmaids. Miss Barnhart was attired in a floor length gown of orange crepe accented with a brown satin ribbon at the empire waistline. Miss Penwell was in a matching gown of brown crepe with an orange ribbon. They each carried single long stemmed yellow roses and wore gold cross

necklaces, gifts of the bride.

Miss Sharon Parker, cousin of the groom, was flower girl. She wore a floor length gown of yellow crepe accented with a yellow satin sash. She carried a basket of white aster petals and wore a yellow gold cross necklace, a gift of the bride.

Mr. Charles Parker performed the duties of best man for his brother. Ushers were Mr. Mark Kempton and Mr. Joe Parker, cousins of the groom.

A reception in the church fellowship room immediately followed the ceremony. A three teired cake topped with bride and groom figures centered the bride's table enhanced with assorted flowers. The bride and groom stood beneath a flower covered archway as they ate the first piece of cake.

Hostesses were Mrs. Jim Barnhart, sister-in-law of the bride, Mrs. Gary Congrove, cousin of the bride, Miss Donna Moss and Mrs. Gary Strous. Miss Jean Ann Bigham, cousin of the groom, presided at the guest book.

For a wedding trip to Cincinnati, the bride wore a dark blue knit dress with a yellow corsage. The couple now resides at Laurelville.

The new Mrs. Parker is a graduate of Logan Elm High School and is employed by Berger Hospital in Circleville. Mr. Parker, also a graduate of Logan Elm High School, is employed by Circle Plastics Corp. in Circleville.

Honored guests at the wedding were Mrs. Myrtle Barnhart, grandmother of the bride and Mrs. Mildred Bigham, grandmother of the bridegroom.

Other guests were from Laurelville, Circleville, Amanda, Hallsville, Whisler, Tarlton and Williamsport.

Life-Style Changes For Fords

WASHINGTON (AP) — If you open a door at Gerald R. Ford's house, even for a breath of fresh air, alarms sound in what looks like a blue laundry truck parked outside.

The vehicle, base for the Secret Service men assigned to protect the vice president-designate's family, sits awkwardly in the driveway, front tires elevated on cement blocks and back ones deflated.

If you telephone the Fords, even at their private number, a Secret Service man answers.

Life says Elizabeth Ford, wife of the House Republican leader, isn't what it used to be.

The Fords have lived in the same unpretentious, brick and clapboard four-bedroom house on Crown View Drive in suburban Alexandria, Va., for 19 years.

Mrs. Ford says that even privately,

she hopes events won't make her husband president.

"In the first place," she said in an hour-long interview, "I don't think President Nixon should be, will be impeached ... no, I don't think he should resign."

And how does Mrs. Ford feel when she hears talk of impeachment and resignation of President Nixon at the same time her husband is going through confirmation hearings in the Senate?

"I shudder," she said.

Sitting in a living room decorated in aqua and beige, Mrs. Ford talked, among other things, about Watergate.

"I think that really and truly it will probably take a long time to get to the bottom of the testimony and tapes, etc. But I think that in the end, it's going to work out all right for President Nixon," she said.

Elizabeth Bloomer Ford, at 55, has

been a congressional wife almost half her life. She married the former Big Ten football star in October 1948, only a few weeks after he was elected to the House from Michigan's 5th District, which includes the furniture-making city of Grand Rapids.

Mrs. Ford is a tall, stately woman with high cheek bones and a reddish bouffant hair style. The years of political campaigning and pressures have left only a few wrinkles around her gray-blue eyes. A pinched nerve in her neck — the result of trying to open a window in the house nine years ago — keeps her from the golf and skiing she loves.

And from dancing. "Oh, I do some dancing in the privacy of my bedroom," said the woman who once did modern dance under the direction of dance stars Martha Graham, Doris Humphrey and Charles Weidman. "But lately, I haven't had any chance to."

Mrs. Ford's words come slowly, carefully chosen, when she speaks about politics, but ask about her four children and her face breaks into a wide smile.

Mike, 23, is a seminary student in Massachusetts. Jack, 21, who recently shaved off his beard, is a forestry student at the University of Utah. Steve, 17, is a senior at public high school, and Susan, 16, is a junior at a private girls' school in Maryland.

Skyscrapers Said Energy 'Monsters'

CLEVELAND, Ohio (AP) — One of the hungriest jaws in the current fuel shortage is that of the average glass and steel skyscraper, often built without regard for energy consumption, according to Cleveland architects.

Heat escapes through the glass during the winter, and sunny days compete with cooling systems during the summer.

"Those buildings are real monsters as far as energy is concerned," says Fred Toguchi, who favors research on the subject.

"Building costs have been going up so dramatically you have to battle to keep things within a reasonable budget," he said. "This puts less emphasis on long range operating costs."

Architect William A. Gould traveled to England recently to study energy conservation there for the American Institute of Architects. He said the British are considering assigning energy consumption levels to buildings before construction begins.

Similar national standards here would force architects to design buildings with energy in mind, he noted.

In the past, buildings "were designed to go along with nature," architect Peter van Dijk said. "Now they're fighting nature."

"If there's really an energy shortage, we'll see a return to working with nature instead of fighting it," he said.

Reaction Of Israeli Soldiers Mixed About Peace Agreement

KILOMETER 101, Egypt (AP) — Israeli Pvt. Eli Mizrahi was only an hour's drive from his birthplace in Cairo as he watched the green canvas tent in which Israeli Maj. Gen. Aharon Yariv and Egyptian Lt. Gen. Mohammed Gamazy were signing the new cease-fire agreement.

"I believe we could have peace with the Egyptians, and I think it would be a great thing to go to Cairo as a tourist and see the place where I was born," said Mizrahi. Now 22, he was 5 when his family moved to Israel.

UMW Pay Raise Now Effective

WASHINGTON (AP) — Members of the United Mine Workers union begin earning a top wage of \$50 under a pay raise that becomes effective today.

The raise is the final one of three included in the 1971 National Coal Wage Agreement which expires next November.

A UMW official said the top wage will increase from \$45.75 to \$50 a day, while the lowest wage classification will increase from \$39.75 to \$42.25 a day.

Delta Queen II Hull Formally Dedicated

JEFFERSONVILLE, Indiana (AP) — The hull of a new riverboat that will operate on the Ohio River was formally dedicated Sunday in Jeffersonville, Indiana.

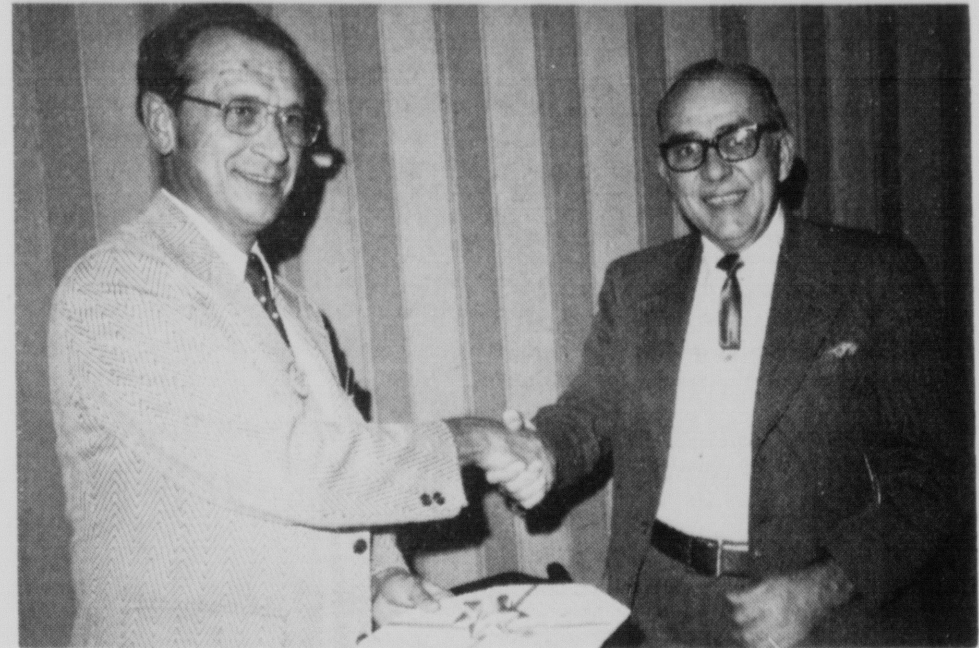

The Delta Queen II is under construction for the Delta Queen Steamboat Co. of Cincinnati, Ohio. The new steel-hulled boat will cost about \$15.5 million and accommodate 400 passengers. The board will have two elevators, a swimming pool, sauna, and motion picture theater.

Spring Collection Of Fashions Fanciful, Fey And Ridiculous

NEW YORK (AP) — Betsey Johnson's spring collection for Alley Cat was fanciful, fey and sometimes ridiculous.

She went tiny, with her hats and mini skirts. Or she went big, with midis, ruffles and nightgown dresses.

Models started in pastel bathing suits, but it was like putting the leaves back on an artichoke. Dancing and pantomiming, they layered on cotton knit blouses, jackets and caps. They

slipped into matching long johns.

Here is the chance for everyone with a raucous sense of humor to get into Betsey's little round hats and veiling, set at a forward tilt. Pair these with a long, white suit. Or pants.

Match a drooping tam with a straight midi suit. The top looks like a football jersey with the sleeves cut out. It is so absurd that it is funny and almost likeable.

Now is the time for all the women with lean, supple bodies to show them off — shorts with long socks — chiffon pajamas with a bare middle.

Drifters and dreamers, maybe on the plump side, might go for the chiffon tent dresses.

Pauline Trigere updated her spring collection with a few blouson tops and longer skirts. However, the best of the show was still all her tried and true, beautifully cut coats, capes and dresses.

She said she didn't like midi skirts, but for a special group at a casino on a ship, she would relent. That is indeed a special group. Out came a series of solid colored outfits with bras, bare middles and jeweled jackets.

"Everyone's asking for black crepe," said Trigere, bringing out a series of evening styles, cut down in front or back.

Welfare Conference Held At Cincinnati

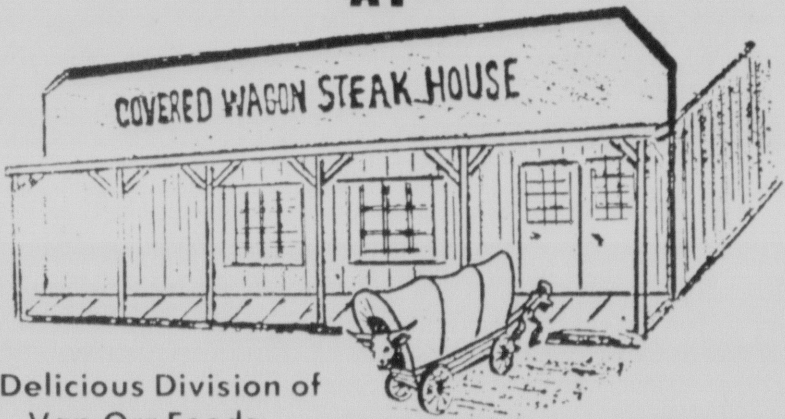

CINCINNATI, Ohio (AP) — Delegates to the three-day Ohio Welfare Conference in Cincinnati are discussing a wide range of topics that concern welfare workers and recipients.

Speakers are scheduled to comment on teenagers and drugs, national health insurance and juvenile marriage and many other topics.

The theme of the conference which began Sunday and will run through Tuesday is "Change of the Challenge in '74."

Ohio Conference Showdown Slated

COLUMBUS, Ohio (AP)— Marietta football Coach Joe McDaniel doesn't plan to work on anything special in preparation for next weekend's Ohio Conference title game with nationally ranked Wittenberg.

"You don't win big football games on gimmicks," the Pioneer mentor said. "We'll just do what we've been doing. We'll try to play sound football and hope to get the breaks and take advantage of them."

McDaniel said his team failed to take advantage of some big breaks Saturday in dropping a 10-7 decision to Muskingum.

The loss spoiled the Pioneers' hopes of taking an unblemished 4-0 league mark into the conference championship game against unbeaten Wittenberg.

Wittenberg whipped Central 37-5 Saturday for its third undefeated season in five years. The Tigers, ranked sixth nationally among small colleges, finished regular play 5-0 in the league and 9-0 over-all.

Other Ohio Conference action Saturday saw Ohio Wesleyan beating Otterbein 28-12, Baldwin-Wallace whipping Wooster 43-20, and last year's league titlist, Heidelberg, edging Mount Union 21-17.

In other major Ohio college football action, top-ranked Ohio State blanked Michigan State 35-0 as Archie Griffin became the first Buckeye halfback ever to crace 1,000 rushing yards in a season; Xavier outdistanced Northern Illinois 40-36 behind the five-touchdown performance of quarterback Tim

OSU Rips Michigan State, 35-0

Archie Griffin passed the 1,000 yard mark in rushing Saturday as Ohio State ripped Michigan State, 35-0.

Griffin rushed for 131 yards, bringing his season total to 1,019 and his career record to 1,886, fifth on the all-time Ohio State University rushing list.

ARCHIE GRIFFIN

Bruce Elia, Harold (Champ) Henson's replacement at fullback, bulled over for three touchdowns, freshman fullback Pete Johnson scored one and junior cornerback Neal Colzie returned a punt 43 yards to score another.

Colzie's 46-yard punt return in the first quarter set up the first OSU score.

The Ohio State defense held Michigan State under 100 yards in the game. Next Saturday the Buckeyes host winless Iowa and Nov. 24 travel to Michigan for the game that will in all probability determine the Big 10's Rose Bowl representative.

Vikings Clinch Tie For Title

By ANDY LIPPMAN
Associated Press Sports Writer

In 1969, running backs Bill Brown and Dave Osborn helped the Minnesota Vikings get to the Super Bowl.

On Sunday the veteran duo boosted the Vikings a step closer toward returning to that championship confrontation when they ran 101 yards and 79 yards respectively to lead Minnesota to a 28-7 victory over Detroit in the National Football League.

The decision gave Minnesota at least a tie for the National Conference Central Division title.

Kansas City hosts the Chicago Bears in a nationally televised game tonight.

Steelers 17, Raiders 9

For Pittsburgh, the best offense was a great defense, led by Dwight White. The 24-year-old defensive end intercepted two passes and set up a touchdown to pace the Steelers to their 17-9 victory.

"They can outrush us and outpass us all the time as long as we outscore

them," said Steelers' Coach Chuck Noll, whose team was outrushed 195-395 and had only eight first downs to Oakland's 26.

Dolphins 44, Baltimore 0

Miami had a modest hero in its 44-0 trouncing of Baltimore. Despite the two touchdowns he scored on runbacks of blocked punts, cornerback Tim Foley insisted "it's no big thing."

Mercury Morris also starred for the Dolphins, scoring on runs of 48 and 53 yards.

Bengals 16, Bills 13

"People always remember the bad things that happen and never the good," said soccer-style kicker Horst Muhlmann after making himself hard to forget by kicking a field goal with three seconds remaining to give Cincinnati a 16-13 victory over Buffalo.

Muhlmann's three field goals broke a tie brought on by O.J. Simpson's 32-yard third-quarter touchdown. Simpson picked up 99 yards on 20 carries to raise his nine-game total to 1,203.

Bowl Slots Being Filled

By HERSCHEL NISSENSON
Associated Press Sports Writer

Some of the nation's top college football teams aren't holding their collective breath waiting for an invitation when the bowl bids go out next Saturday.

The reason is that the pairings for the Sugar, Orange and Cotton Bowls already have been signed, sealed and delivered, even though the National Collegiate Athletic Association says the invitations can't be extended until 6 p.m. on the third Saturday in November, which is next Saturday.

The Rose Bowl, which matches the champions of the Big Ten and Pacific-8 Conferences, will learn who its participants are on Nov. 24 when Ohio State, No. 1 in The Associated Press ratings, visits fourth-ranked Michigan and No. 8 Southern California plays No. 9 UCLA.

As of now, the Sugar Bowl has the plum — a battle of unbeaten between second-ranked Alabama and No. 5 Notre Dame. The Orange Bowl, which annually opts for the highest ranking teams available, will have to settle — if that's the word — for a similar matchup of teams with perfect records, No. 6 Penn State against No. 7 Louisiana State. Alabama and LSU, however, must play each other Thanksgiving night.

Texas seems a shoo-in again as the Southwest Conference's representative in the Cotton Bowl against Nebraska. And Tennessee appears to have the inside track to the Gator Bowl, with Missouri the likely foe.

That leaves such attractive teams as Texas Tech, Houston, North Carolina State, Kansas, Tulane and Auburn, among others. The Liberty Bowl is looking at all of those teams although Texas Tech could wind up in the Bluebonnet Bowl and the Fiesta Bowl is leaning toward Tulane or Houston as an opponent for the Western Athletic Conference champ, either Arizona State or Arizona.

Miami of Ohio, the MidAmerican titlist, is set for the Tangerine Bowl with the remaining berth there along with teams for the Peach and Tangerine Bowls to come from the aforementioned, and possibly Colorado, East Carolina, Maryland, Oklahoma State, Pitt, San Diego State and Tampa.

In weekend action, Ohio State blanked Michigan State 35-0 as Archie Griffin smashed Hopalong Cassidy's one-season rushing record — he gained 131 for a total of 1,012 — and Bruce Elia scored three times.

Alabama was idle but third-ranked Oklahoma, ineligible for a bowl, trimmed No. 10 Missouri behind Joe Washington's 23-yard run and 80-yard

punt return and a 63-yard pass play from Steve Davis to Billy Brooks.

Michigan downed Illinois 21-6 despite fumbling six times and losing four of them. The Wolverines trailed 6-0 before Ed Shuttlesworth, Gil Chapman and Paul Seal all ran for touchdowns.

Notre Dame withstood a 209-yard performance by Tony Dorsett, most ever by a running back against the Irish, and knocked off No. 20 Pitt 31-10 as Wayne Bullock rushed for 167 yards and four scores. Pitt lost the ball seven times on fumbles and interceptions.

Penn State rallied to defeat North Carolina State 35-29 as John Cappelletti, who rushed for 220 yards and three touchdowns, scored the tie-breaker on a 27-yard gallop with 8½ minutes left.

LSU also had the weekend off while Southern Cal, down 23-10 after three periods, rallied to nip Stanford 27-26 on Chris Limahelu's 34-yard field goal with three seconds left. Rod Garcia kicked four for the losers, including boots of 59 and 52 yards. Mark Harmon tallied twice and Kermit Johnson ran for 146 yards in UCLA's 27-7 triumph over Oregon.

Dave Humm scored a first-period touchdown and passed for another 51 seconds later as No. 11 Nebraska beat Iowa State 31-7. Two touchdowns by Larry Isaac and Joe Barnes' scoring pass to Andre Tillman helped No. 12 Texas Tech come from behind and defeat Texas Christian 24-10.

Roosevelt Leaks barreled for three touchdowns, leading No. 13 Texas to a 42-6 rout of Baylor. Arizona State, No. 14, got two touchdowns apiece from Woody Green, Ben Malone and Fred Williams and crushed Wyoming 47-0.

Leonard Parker rushed for 200 yards and two scores as No. 15 Houston shaded Colorado State 28-20. No. 16 Tennessee didn't play but No. 17 Miami nailed down the MAC crown with a 20-10 triumph over No. 19 Kent State behind Chuck Varner's two touchdowns. No. 18 Kansas halted a Colorado rally by recovering a fumble on its own 24-yard line with 21 seconds

Redskins 33, 49ers 9

Sonny Jurgensen and Billy Kilmer, the ailing Washington quarterbacking duet, provided the one-two punch which brought the Redskins out a two-game losing streak with a 33-9 victory.

Jurgensen tossed an 18-yard touchdown in relief of Kilmer, who later returned to fire two scoring strikes of his own.

Rams 29, Saints 7

The Saints came back down to earth after winning two straight games as Lawrence McCutcheon scored once and figured in four other scores to help Los Angeles win 29-7.

The NFC West leaders held the Saints in check except for a 65-yard touchdown pass from Archie Manning to Jubilee Dunbar, the only completion for the New Orleans' quarterback in the first half.

Falcons 44, Eagles 27

Atlanta remained in contention in the NFC West with its 44-27 victory over the Eagles, who at one point had

tied the game 20-20.

Then Atlanta punter John James angled a 46-yarder out-of-bounds on the Philadelphia one and after the Falcon defense held, Atlanta took over on the Eagle 43. It took Atlanta only eight plays to score the go-ahead touchdown and clinch their fifth straight victory.

Browns 23, Oilers 13

During what Cleveland Coach Nick Skorich called "probably our best quarter of the season", the Browns scored 17 points in the first quarter to defeat Houston 23-13. Despite their 195 total yards in that first period, the Browns quickly bogged down, gaining only 18 total yards in the second and 15 in the third.

Broncos 30, Chargers 19

The Broncos rallied behind veteran Charley Johnson to defeat San Diego 30-19 and spoil the coaching debut of new Charger Coach Ron Waller.

Packers 25, Cardinals 21

Green Bay held off a fourthquarter comeback led by quarterback Jim Hart to defeat St. Louis 25-21. The Packers had compiled a 22-7 halftime lead before Hart threw a 23-yard fourth-quarter touchdown pass and then directed a 58-yard march for another score.

Cowboys 23, Giants 10

Dallas forced the Giants to give up the ball eight times with Charlie Waters intercepting two passes and recovering a fumble to help the Cowboys take a 23-10 victory.

Jets 33, Patriots 13

With Joe Namath still on the sidelines, and with Al Woodall getting re-injured, the Jets were still able to defeat New England 33-13 with the help of John Riggins and Emerson Boozer.

Turned Out To Stud

PARIS, Ky. (AP) — "It's almost like putting your own kids up for adoption," Mrs. Penny Tweedy said sadly as she turned away from the stalls where she was leaving Secretariat and Riva Ridge.

The pair of thoroughbreds who have carried Mrs. Tweedy's Meadow Stable colors to victory in five of the last six Triple Crown races have ended their racing wars forever.

From now on, it's make love, not war, for them. They will begin stud duty when the season opens at Claiborne Farm on the traditional third Saturday in February.

Ohio Conference Showdown Slated

COLUMBUS, Ohio (AP)—Marietta football Coach Joe McDaniel doesn't plan to work on anything special in preparation for next weekend's Ohio Conference title game with nationally ranked Wittenberg.

"You don't win big football games on gimmicks," the Pioneer mentor said. "We'll just do what we've been doing. We'll try to play sound football and hope to get the breaks and take advantage of them."

McDaniel said his team failed to take advantage of some big breaks Saturday in dropping a 10-7 decision to Muskingum.

The loss spoiled the Pioneers' hopes of taking an unblemished 4-0 league mark into the conference championship game against unbeaten Wittenberg.

Wittenberg whipped Central 37-5 Saturday for its third undefeated season in five years. The Tigers, ranked sixth nationally among small colleges, finished regular play 5-0 in the league and 9-0 over-all.

Other Ohio Conference action Saturday saw Ohio Wesleyan beating Otterbein 28-12, Baldwin-Wallace whipping Wooster 43-20, and last year's league titlist, Heidelberg, edging Mount Union 21-17.

In other major Ohio college football action, top-ranked Ohio State blanked Michigan State 35-0 as Archie Griffin became the first Buckeye halfback ever to crace 1,000 rushing yards in a season; Xavier outdistanced Northern Illinois 40-36 behind the five-touchdown performance of quarterback Tim

Dydo, and Dayton trimmed Louisville 10-9 on a touchdown late in the game by Ed Zink, who rushed for 101 yards.

Miami captured the midAmerican Conference championship and probably a trip to the Tangerine Bowl by defeating defending titlist Kent State 20-10. The Redskins finished the season with perfect season and league records of 9-0 and 5-0.

Playing outside the MAC, Ohio University downed Cincinnati 14-8 on touchdowns by L. C. Lyons and Dave Houseton, and Bowling Green throttled Eastern Michigan 31-7 as senior Hal Watz, starting at quarterback for the first time, fired three scoring passes, while Toledo fell to Marshall 17-14 on a 29-yard field goal with just 14 seconds left in the game.

The Hoosier-Buckeye Conference championship was settled in a contest between Indiana teams. Hanover defeated Taylor 28-14 to nail down the title.

Meanwhile, Wilmington handed defending champion Bluffton its third loss of the season, 9-7.

Allegheny, Pa., knocked Hiram out of the Presidents' Conference title race with a 30-20 victory. League leader John Carroll whipped non-conference foe Oberlin 24-6.

Elsewhere it was Denison 49, Washington & Lee, Va. 29; Kenyon 26, Centre, Ky. 21; Ashland 29, Evansville, Ind. 21; Tennessee State 45, Central State 7; Ohio Northern 24, Findlay 6; Youngstown State 12, Murray State, Ky. 8.

High School Grid Playoffs Match Computer Teams

COLUMBUS, Ohio (AP) — Joe Novak figures pressure can work both ways for his defending champion Warren Western Reserve team, in the Ohio Class AAA high school football playoffs for the second straight year.

"Sure, there will be added pressure on us," Novak admitted Sunday during a meeting of the 12 semifinalists.

"But we can use it to instill more

emotion in our kids," he added.

Western Reserve risks its 27-game winning streak, 10 this fall, against Bowling Green, also 10-0-0, in a semifinal contest Friday night in Akron's Rubber Bowl.

The other big school pairing sends Cincinnati Moeller, 10-0-0, against Youngstown Mooney, 9-1-0, in Cincinnati's Nippert Stadium.

New champions are assured in Class AA and A since 1972 victors Akron St. Vincent-St. Mary and Marion Pleasant didn't qualify for the semifinals by leading their regions.

All semifinals are scheduled for 7:30 p.m. Friday with the three championship games the following Friday.

In Class AA, Cincinnati Reading, 10-0-0, plays Ironton, 10-0-0, at Lancaster High School and Cleveland Benedictine, 6-2-2, goes against Lima Catholic, 7-2-1, at Massillon High School.

In Class A, Newark Catholic, 9-0-0, tangles with Montpelier, 8-1-0, at Mansfield Senior High School and Ashtabula St. John, 7-2-0, faces Middletown Fenwick, 9-1-0, at Upper Arlington High School.

The Class AAA foursome is the flashiest with a combined record of 39 victories and one loss. Mooney's setback was a 6-0 decision to Western Reserve.

The Class AA quartet carries a 33-4-3 mark while the Class A semifinalists are a combined 33-4-0.

Reading and Fenwick join Western Reserve as the only teams to reach the semifinals a second straight year in Ohio.

Vikings Clinch Tie For Title

By ANDY LIPPMAN

Associated Press Sports Writer

In 1969, running backs Bill Brown and Dave Osborn helped the Minnesota Vikings get to the Super Bowl.

On Sunday the veteran duo boosted the Vikings a step closer toward returning to that championship confrontation when they ran 101 yards and 79 yards respectively to lead Minnesota to a 28-7 victory over Detroit in the National Football League.

The decision gave Minnesota at least a tie for the National Conference Central Division title.

Kansas City hosts the Chicago Bears in a nationally televised game tonight.

Steelers 17, Raiders 9

For Pittsburgh, the best offense was a great defense, led by Dwight White. The 24-year-old defensive end intercepted two passes and set up a touchdown to pace the Steelers to their 17-9 victory.

"They can outrush us and outpass us all the time as long as we outscore

them," said Steelers' Coach Chuck Noll, whose team was outrushed 195-395 and had only eight first downs to Oakland's 26.

Dolphins 44, Baltimore 0

Miami had a modest hero in its 44-0 trouncing of Baltimore. Despite the two touchdowns he scored on runbacks of blocked punts, cornerback Tim Foley insisted "it's no big thing."

Mercury Morris also starred for the Dolphins, scoring on runs of 48 and 53 yards.

Bengals 16, Bills 13

"People always remember the bad things that happen and never the good," said soccer-style kicker Horst Muhlmann after making himself hard to forget by kicking a field goal with three seconds remaining to give Cincinnati a 16-13 victory over Buffalo.

Muhlmann's three field goals broke a tie brought on by O.J. Simpson's 32-yard third-quarter touchdown. Simpson picked up 99 yards on 20 carries to raise his nine-game total to 1,203.

Redskins 33, 49ers 9

Sonny Jurgensen and Billy Kilmer, the ailing Washington quarterback duet, provided the one-two punch which brought the Redskins out a two-game losing streak with a 33-9 victory.

Jurgensen tossed an 18-yard touchdown in relief of Kilmer, who later returned to fire two scoring strikes of his own.

Rams 29, Saints 7

The Saints came back down to earth after winning two straight games as Lawrence McCutcheon scored once and figured in four other scores to help Los Angeles win 29-7.

The NFC West leaders held the Saints in check except for a 65-yard touchdown pass from Archie Manning to Jubilee Dunbar, the only completion for the New Orleans' quarterback in the first half.

Falcons 44, Eagles 27

Atlanta remained in contention in the NFC West with its 44-27 victory over the Eagles, who at one point had

tied the game 20-20.

Then Atlanta punter John James angled a 46-yarder out-of-bounds on the Philadelphia one and after the Falcon defense held, Atlanta took over on the Eagle 43. It took Atlanta only eight plays to score the go-ahead touchdown and clinch their fifth straight victory.

Browns 23, Oilers 13

During what Cleveland Coach Nick Skorich called "probably our best quarter of the season", the Browns scored 17 points in the first quarter to defeat Houston 23-13. Despite their 195 total yards in that first period, the Browns quickly bogged down, gaining only 18 total yards in the second and 15 in the third.

Broncos 30, Chargers 19

The Broncos rallied behind veteran Charley Johnson to defeat San Diego 30-19 and spoil the coaching debut of new Charger Coach Ron Waller.

Packers 25, Cardinals 21

Green Bay held off a fourthquarter comeback led by quarterback Jim Hart to defeat St. Louis 25-21. The Packers had compiled a 22-7 halftime lead before Hart threw a 23-yard fourth-quarter touchdown pass and then directed a 58-yard march for another score.

Cowboys 23, Giants 10

Dallas forced the Giants to give up the ball eight times with Charlie Waters intercepting two passes and recovering a fumble to help the Cowboys take a 23-10 victory.

Jets 33, Patriots 13

With Joe Namath still on the sidelines, and with Al Woodall getting re-injured, the Jets were still able to defeat New England 33-13 with the help of John Riggins and Emerson Boozer.

Bowl Slots Being Filled

By HERSCHEL NISSENSON

Associated Press Sports Writer

Some of the nation's top college football teams aren't holding their collective breath waiting for an invitation when the bowl bids go out next Saturday.

The reason is that the pairings for the Sugar, Orange and Cotton Bowls already have been signed, sealed and delivered, even though the National Collegiate Athletic Association says the invitations can't be extended until 6 p.m. on the third Saturday in November, which is next Saturday.

The Rose Bowl, which matches the champions of the Big Ten and Pacific-8 Conferences, will learn who its participants are on Nov. 24 when Ohio State, No. 1 in The Associated Press ratings, visits fourth-ranked Michigan and No. 8 Southern California plays No. 9 UCLA.

As of now, the Sugar Bowl has the plum — a battle of unbeaten between second-ranked Alabama and No. 5 Notre Dame. The Orange Bowl, which annually opts for the highest ranking teams available, will have to settle — if that's the word — for a similar matchup of teams with perfect records, No. 6 Penn State against No. 7 Louisiana State. Alabama and LSU, however, must play each other Thanksgiving night.

Texas seems a shoo-in again as the Southwest Conference's representative in the Cotton Bowl against Nebraska. And Tennessee appears to have the inside track to the Gator Bowl, with Missouri the likely foe.

That leaves such attractive teams as Texas Tech, Houston, North Carolina State, Kansas, Tulane and Auburn, among others. The Liberty Bowl is looking at all of those teams although Texas Tech could wind up in the Bluebonnet Bowl and the Fiesta Bowl is leaning toward Tulane or Houston as an opponent for the Western Athletic Conference champ, either Arizona State or Arizona.

Miami of Ohio, the MidAmerican titlist, is set for the Tangerine Bowl with the remaining berth there along with teams for the Peach and Tangerine Bowls to come from the aforementioned, and possibly Colorado, East Carolina, Maryland, Oklahoma State, Pitt, San Diego State and Tampa.

In weekend action, Ohio State blanked Michigan State 35-0 as Archie Griffin smashed Hopalong Cassidy's one-season rushing record — he gained 131 for a total of 1,012 — and Bruce Elia scored three times.

Alabama was idle but third-ranked Oklahoma, ineligible for a bowl, trimmed No. 10 Missouri behind Joe Washington's 23-yard run and 80-yard

punt return and a 63-yard pass play from Steve Davis to Billy Brooks.

Michigan downed Illinois 21-6 despite fumbling six times and losing four of them. The Wolverines trailed 6-0 before Ed Shuttlesworth, Gil Chapman and Paul Seal all ran for touchdowns.

Notre Dame withstood a 209-yard performance by Tony Dorsett, most ever by a running back against the Irish, and knocked off No. 20 Pitt 31-10 as Wayne Bullock rushed for 167 yards and four scores. Pitt lost the ball seven times on fumbles and interceptions.

Penn State rallied to defeat North Carolina State 35-29 as John Cappelletti, who rushed for 220 yards and three touchdowns, scored the tie-breaker on a 27-yard gallop with 8½ minutes left.

LSU also had the weekend off while Southern Cal, down 23-10 after three periods, rallied to nip Stanford 27-26 on Chris Limahelu's 34-yard field goal with three seconds left. Rod Garcia kicked four for the losers, including boots of 59 and 52 yards. Mark Harmon tallied twice and Kermit Johnson ran for 146 yards in UCLA's 27-7 triumph over Oregon.

Dave Humm scored a first-period touchdown and passed for another 51 seconds later as No. 11 Nebraska beat Iowa State 31-7. Two touchdowns by Larry Isaac and Joe Barnes' scoring pass to Andre Tillman helped No. 12 Texas Tech come from behind and defeat Texas Christian 24-10.

Roosevelt Leaks barreled for three touchdowns, leading No. 13 Texas to a 42-6 rout of Baylor. Arizona State, No. 14, got two touchdowns apiece from Woody Green, Ben Malone and Fred Williams and crushed Wyoming 47-0.

Leonard Parker rushed for 200 yards and two scores as No. 15 Houston shaded Colorado State 28-20. No. 16 Tennessee didn't play but No. 17 Miami nailed down the MAC crown with a 20-10 triumph over No. 19 Kent State behind Chuck Varner's two touchdowns. No. 18 Kansas halted a Colorado rally by recovering a fumble on its own 24-yard line with 21 seconds

left to beat the Buffs 17-15.

East Carolina clinched its second consecutive Southern Conference crown by whopping Richmond 44-14. Arizona held onto its 1½-game lead over Arizona State and Utah in the WAC with a 24-10 triumph over Brigham Young.

Dartmouth beat Columbia 24-6 and Harvard defeated Princeton 19-14 to remain deadlocked for the Ivy League lead.

Syracuse finally notched its first win, 5-3 over Holy Cross on a fourth-period safety. But Army, Florida State, Iowa and Long Beach State all remained winless.

And New Mexico State became the first major team to end its season. The Aggies finished 5-6 after losing to Utah State 40-12.

OSU Rips Michigan State, 35-0

Archie Griffin passed the 1,000 yard mark in rushing Saturday as Ohio State ripped Michigan State, 35-0.

Griffin rushed for 131 yards, bringing his season total to 1,019 and his career record to 1,886, fifth on the all-time Ohio State University rushing list.

ARCHIE GRIFFIN

Bruce Elia, Harold (Champ) Henson's replacement at fullback, bulled over for three touchdowns, freshman fullback Pete Johnson scored one and junior cornerback Neal Colzie returned a punt 43 yards to score another.

Colzie's 46-yard punt return in the first quarter set up the first OSU score.

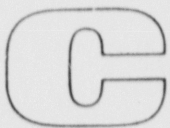

The Ohio State defense held Michigan State under 100 yards in the game. Next Saturday the Buckeyes host winless Iowa and Nov. 24 travel to Michigan for the game that will in all probability determine the Big 10's Rose Bowl representative.

Gilbert Holds World Open Lead

PINEHURST, N.C. (AP) — Gibby Gilbert had a kind of puzzled expression on his face. Happy, mind you, but puzzled.

"I didn't expect to shoot 70 and have a five-shot lead," he said. But that was the situation half-way through the longest and richest golf tournament on record, the 144-hole, \$500,000 World Open, which now lacks the season's top four money winners. Bruce Crampton of Australia, winner of four tournaments this year and second only to Jack Nicklaus on the money-winning list, was a victim of the 72-hole cut and joins Nicklaus, Lee Trevino, Tom Weiskopf and U.S. Open champion Johnny Miller on the sidelines as the survivors take a couple of days off before going into the last 72 holes of a chase for the record \$100,000 first prize.

"The only tournament I won, first place was \$23,000," said Gilbert, who scored his lone victory in the 1970 Houston Champions Invitational.

Gilbert, who twice quit the tour in disgust and almost did it again this year, clipped only one stroke off par 71 on the 7,007-yard No. 2 course at the Pinehurst Country Club Sunday, but stretched his lead to a whopping five strokes going into the last half of this two-week tournament.

The 74 survivors from the original field of 240 are off today and Tuesday, then begin four more rounds of play Wednesday. The tournament will end Saturday.

Soap Box Derby Sponsorship Eyed

TULSA, Okla. (AP)—The planning board of directors of the national Jaycees organization has recommended cosponsorship with three other groups of the annual All-American Soap Box Derby, a spokesman said Sunday.

Louis Raskin, national Jaycee program director for youth involvement said at the end of a two-day meeting of the planning group that the recommendation will go to the Jaycees' executive board when it meets here Feb. 15.

In 28 years, coach Paul Bryant's teams have played 16 ties.

Penn State's football team will have four co-captains for the second straight season. They are John Capelletti, Randy Crowder, Mark Markovich and Ed O'Neil.

Muhlman, Bengals Edge Bills, 16-13

BUFFALO (AP) — The outcome of the game rested in the hands of Cincinnati's Horst Muhlmann. To be more accurate, it rested on his foot.

There were three seconds left in a game tied at 13 and the ball was on Buffalo's 27. But the soccer-style kicker from Germany came through.

The result was a 16-13 National Football League triumph over the struggling Bills on Muhlmann's third field goal of the game.

"Were you worried?" Coach Paul Brown was asked about the field goal that raised the Bengals' record to 5-4. "You always worry until you see the ref's hands in the air. That's all you can do."

Muhlmann, meanwhile, wasn't bothered a bit. "I didn't worry about the wind, I just hit it. When I hit it I knew it was good."

And that was that. The Bengals had kept their slim playoff hopes alive, and the Bills had their second loss in a row.

For the second time in a row, Bills rubbing star O. J. Simpson gained under 100 yards. The New Orleans Saints held "Juice" to 79 last week in their 13-0 victory over the Bills last week. Simpson still managed a touch-

1963 Food Prices Double In Decade

WASHINGTON (AP) — A look at food prices in the decade since 1963, when hamburger cost 49 cents a pound and milk sold for 47 cents a half gallon, gives a clear picture of what inflation is all about.

And although federal economists issue month-by-month reports on inflation and the cost of living, sometimes more can be learned by looking at the dollar-and-cents impact on certain products.

As examples, take the soaring costs in four sample cities for such basics as bread, hamburger, milk and eggs. And add some onions.

All prices were August averages compiled by the Bureau of Labor Statistics for New York City, Minneapolis, Houston, and San Francisco. In 10 years, the price of hamburger has doubled, with eggs and onions increasing at nearly the same rate. Milk cost one-third more, and bread is 25 per cent higher.

Most of the inflation has come in the five years since 1968, the year the U.S.S. Pueblo was seized by North Korea and the moon was orbited for the first time.

Agriculture Secretary Earl L. Butz says food prices will return to their old levels the day new Chevrolets cost \$1,000.

Smoking By Women Surveyed

WASHINGTON (AP) — Women who work outside the home have a higher smoking rate than housewives, a new government study shows.

The study also reports that: —On the basis of marital status among women, the smoking rate was highest for those divorced or separated, lowest for widows.

—On the basis of education among women, smoking rates were highest for those who ended their education with some high school classes or with a high school diploma, lowest for those whose education was grade school or less.

—Fewer women were smoking in 1970, compared to 1966, but the reduction was not as much as that for men.

The study is a report on changes in women's smoking behavior, based on national surveys directed by the Public Health Service in 1966 and 1970. The analysis was made by Dorothy E. Green, a branch chief, and Daniel E. Nemzer, computer analyst, at the National Clearinghouse for Smoking and Health.

The smoking rate for U.S. adults, 21 years of age and over, fell from 42.2 per cent in 1966 to 36.2 per cent in 1970.

Among men, the smoking rate fell sharply, from 51.9 per cent to 42.3 per cent, the study reports. But for women, it fell only from 33.7 per cent to 30.5 per cent.

down and raised his season's rushing total to 1,203 yards. But Simpson wasn't pleased with the loss or his team's performance.

"I think we hurt ourselves more than we helped ourselves. We've just got to get more out of our passing game."

Gilbert Holds World Open Lead

PINEHURST, N.C. (AP) — Gibby Gilbert had a kind of puzzled expression on his face. Happy, mind you, but puzzled.

"I didn't expect to shoot 70 and have a five-shot lead," he said.

But that was the situation half-way through the longest and richest golf tournament on record, the 144-hole, \$500,000 World Open, which now lacks the season's top four money winners.

Bruce Crampton of Australia, winner of four tournaments this year and second only to Jack Nicklaus on the money-winning list, was a victim of the 72-hole cut and joins Nicklaus, Lee Trevino, Tom Weiskopf and U.S. Open champion Johnny Miller on the sidelines as the survivors take a couple of days off before going into the last 72 holes of a chase for the record \$100,000 first prize.

"The only tournament I won, first place was \$23,000," said Gilbert, who scored his lone victory in the 1970 Houston Champions Invitational.

Gilbert, who twice quit the tour in disgust and almost did it again this year, clipped only one stroke off par 71 on the 7,007-yard No. 2 course at the Pinehurst Country Club Sunday, but stretched his lead to a whopping five strokes going into the last half of this two-week tournament.

The 74 survivors from the original field of 240 are off today and Tuesday, then begin four more rounds of play Wednesday. The tournament will end Saturday.

Soap Box Derby Sponsorship Eyed

TULSA, Okla. (AP)—The planning board of directors of the national Jaycees organization has recommended cosponsorship with three other groups of the annual All-American Soap Box Derby, a spokesman said Sunday.

Louis Raskin, national Jaycee program director for youth involvement said at the end of a two-day meeting of the planning group that the recommendation will go to the Jaycees' executive board when it meets here Feb. 15.

In 28 years, coach Paul Bryant's teams have played 16 ties.

Penn State's football team will have four co-captains for the second straight season. They are John Capelli, Randy Crowder, Mark Markovich and Ed O'Neil.

Muhlman, Bengals Edge Bills, 16-13

BUFFALO (AP) — The outcome of the game rested in the hands of Cincinnati's Horst Muhlmann. To be more accurate, it rested on his foot.

There were three seconds left in a game tied at 13 and the ball was on Buffalo's 27. But the soccer-style kicker from Germany came through.

The result was a 16-13 National Football League triumph over the struggling Bills on Muhlmann's third field goal of the game.

"Were you worried?" Coach Paul Brown was asked about the field goal that raised the Bengals' record to 5-4. "You always worry until you see the ref's hands in the air. That's all you can do."

Muhlmann, meanwhile, wasn't bothered a bit. "I didn't worry about the wind, I just hit it. When I hit it I knew it was good."

And that was that. The Bengals had kept their slim playoff hopes alive, and the Bills had their second loss in a row.

For the second time in a row, Bills rubbing star O. J. Simpson gained under 100 yards. The New Orleans Saints held "Juice" to 79 last week in their 13-0 victory over the Bills last week. Simpson still managed a touch-

1963 Food Prices Double In Decade

WASHINGTON (AP) — A look at food prices in the decade since 1963, when hamburger cost 49 cents a pound and milk sold for 47 cents a half gallon, gives a clear picture of what inflation is all about.

And although federal economists issue month-by-month reports on inflation and the cost of living, sometimes more can be learned by looking at the dollar-and-cents impact on certain products.

As examples, take the soaring costs in four sample cities for such basics as bread, hamburger, milk and eggs. And add some onions.

All prices were August averages compiled by the Bureau of Labor Statistics for New York City, Minneapolis, Houston, and San Francisco.

In 10 years, the price of hamburger has doubled, with eggs and onions increasing at nearly the same rate. Milk cost one-third more, and bread is 25 per cent higher.

Most of the inflation has come in the five years since 1968, the year the U.S.S. Pueblo was seized by North Korea and the moon was orbited for the first time.

Agriculture Secretary Earl L. Butz says food prices will return to their old levels the day new Chevrolets cost \$1,000.

However, a Chevrolet cost twice that much 10 years ago. At that time in the four cities, bread averaged 22 cents a loaf, hamburger cost 49 cents a pound, milk was 47 cents a half gallon, grade A large eggs were 53 cents a dozen and onions went for 13 cents a pound.

In 1968, the bread cost 24 cents; hamburger, 61 cents; milk, 51 cents; eggs were still about 53 cents; and onions went up to 15 cents.

In 1973, the bread cost 28 cents; hamburger, \$1.06; milk, 64 cents; eggs, 96 cents; and the onions were 23 cents.

The same startling jumps in five years were evident again in two major cities of the Northwest and Southeast.

In Seattle, in five years, hamburger went from 51 to 98 cents; bread from 21 to 23 cents; milk from 55 to 64 cents; eggs from 51 to 91 cents and onions from 16 to 21 cents.

In Atlanta, in five years, hamburger went from 55 cents to \$1.02; bread, 22 to 27 cents; milk, 59 to 78 cents; eggs, 54 to 96 cents and onions from 16 to 28 cents.

Smoking By Women Surveyed

WASHINGTON (AP) — Women who work outside the home have a higher smoking rate than housewives, a new government study shows.

The study also reports that: —On the basis of marital status among women, the smoking rate was highest for those divorced or separated, lowest for widows.

—On the basis of education among women, smoking rates were highest for those who ended their education with some high school classes or with a high school diploma, lowest for those whose education was grade school or less.

—Fewer women were smoking in 1970, compared to 1966, but the reduction was not as much as that for men.

The study is a report on changes in women's smoking behavior, based on national surveys directed by the Public Health Service in 1966 and 1970. The analysis was made by Dorothy E. Green, a branch chief, and Daniel E. Nemzer, computer analyst, at the National Clearinghouse for Smoking and Health.

The smoking rate for U.S. adults, 21 years of age and over, fell from 42.2 per cent in 1966 to 36.2 per cent in 1970.

Among men, the smoking rate fell sharply, from 51.9 per cent to 42.3 per cent, the study reports. But for women, it fell only from 33.7 per cent to 30.5 per cent.

down and raised his season's rushing total to 1,203 yards. But Simpson wasn't pleased with the loss or his team's performance.

"I think we hurt ourselves more than we helped ourselves. We've just got to get more out of our passing game."

EACH YEAR during the holiday
season thousands of people tour our
store recalling the nostalgia and
warmth of Christmases years ago.
Here you may browse through layers
of artificial snow and two floors of
thousands of old time, made-with-
care and pride, country store
products. Pottery, earthenware,
jewelry, china, sweet tooth candies,
and lollypops. Ribtickling jokes,
hand-dipped candies, rings and
things, rich fragrant soaps, stocking
stuffers, rattlers of Early American
woodenware and hand forged iron
accessories, very new and very old
beautiful furniture, famous wood and
brass cleaners or finishes, authentic
furniture hardware, 1974 calendar
features in scenes of Currier and Ives,
beautiful old-fashion children's
wheeled toys and bisque dolls,
handcrafted colonial pattern
glassware, and lamps plus one of the
largest selection to be found of
restoration glass lamp shades,
chimneys, electric oil and any
replacement parts. (Bring your lamps
along for fitting... a perfect gift
idea, too.)

If you have never been here before,
we suggest you plan your visit early,
before the Christmas rush begins.
Weekdays are best. Plan on two
hours - you can rest your weary feet
on our patently stove. We hope you
and your family find our old store
that pleasant, comfortable, friendly,
experience of a by-gone day. The
season's best to you and yours from
all of the store-keepers here at
Peddler The General Store. At the
crossroads of Marysville, Ohio, 117
Main Street. (A look for our rain
barrel). Holiday hours: 9:00 to 9:00
weekdays, Sundays 12:30 to 9:00.
Easy Old-Time no interest payment
plans or use your modern charge
cards. We also wholesale to other
peddlers, dealers, and flea
marketeers who have a vendors
license. Discounts to employers or to
organizations buying groups of
merchandise. See you soon? It's easy
to get here on St. Rt's 23 & 33, 28
miles N.W. of Columbus. Two fine
restaurants within a block of store.

PARTY PLAN PEOPLE!
— PLUS ALL DIRECT SELLING HUSBAND-WIFE TEAMS —
**START NOW TO DOUBLE
YOUR EARNINGS—
Why Wait 'til '74!**

**Part-Time Selling
Can Help Beat Inflation**

Part Time Selling is an ideal way to help your primary source of income keep up
with or stay ahead of the rising cost of living due to inflation. If you devote only
a few hours a week to selling, you can easily add a thousand dollars or more to
your annual income. And the more hours you spend showing some useful
product to folks in your community, the more money you'll add to that
paycheck that is suffering from so many extra bites these days.

Part of the beauty of selling is that you have so many freedom of choice in
how you go about it. You can work out a schedule that fits best into your life
style, you can work as many hours as you choose, and you can sell a product or
line of goods that is particularly appealing to you - one that you really feel
enthusiastic about showing to other people.

Age makes no difference - you can be a student or a retired person, or
anything in between. Education or previous selling experience are not too
important. Read carefully the sales manuals, training booklets and product
information available from your sample case, demonstration model or catalog
and start right in. With just a little experience, you'll soon be a pro.
Experience gained from part-time selling can benefit you later if you decide
to make selling your career.

FORECAST FOR TUESDAY, NOVEMBER 13, 1973

CARROLL RIGHTER'S HOROSCOPE from the Carroll Righter Institute

GENERAL TENDENCIES Delays and obstacles can attend almost anything you plan or try to do now so make a point to first organize your forces and your energies so they can be productive. Take steps to remove any restrictions in your way.

ARIES (Mar. 21 to Apr. 19) Handle routine work in a most clever way and then give home and family more of your time and attention. Entertain lightly this evening.

TAURUS (Apr. 20 to May 20) It is better to use diplomacy with others instead of pinning them down and you get better results. Be alert when you go shopping.

GEMINI (May 21 to June 21) Not a good day to make any financial investments. A financier is not up to par today so wait until a better day to consult with him.

MOON CHILDREN (June 22 to July 21) Your associates may be disappointing to you today, but this is due to the planetary positions. Take treatments to aid your health.

LEO (July 22 to Aug. 21) Don't plan future activities hurriedly. Seek the advice you need. Try to help those who are having a difficult time. Show that you have wisdom.

VIRGO (Aug. 22 to Sept. 22) Steer clear of group meetings that could lead to unpleasant arguments. Keep active at business matters that are important to you.

LIBRA (Sept. 23 to Oct. 23) Use tact when dealing with bigwigs. Make sure you handle a credit affair without further delay. Do more of your own thinking for a change.

SCORPIO (Oct. 24 to Nov. 21) First complete matters at hand, then look into a new and fascinating outlet. Making new contacts at this time is wise. Be diplomatic.

SAGITTARIUS (Nov. 22 to Dec. 21) Show that you are expert at your work. Some humoring of mate who is out of sorts now is wise. Don't lose your temper.

CAPRICORN (Dec. 22 to Jan. 20) Listen carefully to what associates are saying and go along with their ideas. Use tact when a difficult situation comes up.

AQUARIUS (Jan. 21 to Feb. 19) There is much work to be done, although not to your liking, but it's your duty, so go ahead with it. Plan new ventures this evening.

PISCES (Feb. 20 to Mar. 20) You want to have an amusing day, but don't rely on others who have different ideas. Take in those pleasures you enjoy doing alone.

IF YOUR CHILD IS BORN TODAY he or she will be one of those individuals who will want to stir up conditions just to make a big impression on others. Teach early in life to be as constructive and harmonious as possible and the important things of life can be met with calm decision. A great merchandiser in this chart.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Views On Television

NEW YORK (AP) — Every now and then we get the feeling that this season's daily television lists are too predictable. So here are a few listings we'd like to see, but probably never will.

MONDAY:

(6) Kung Fu: Caine picks a fight.

(12) Kojak: Kojak grows hair.

(4) Columbo: Columbo shaves, gets raincoat cleaned, gets suit pressed, puts out cigar, stops scratching head and fails to solve crime.

TUESDAY:

(6) Marcus Welby, M.D.: Puzzled by strange disease, Dr. Welby shrugs and recommends good mortician.

(10) Gunsmoke: Miss Kitty gets blotto.

(4) Brian Keith Show: Pediatrician runs amok, kicks child.

WEDNESDAY:

(6) ABC Evening News: Howard K. Smith reports mild reaction to his call for President's impeachment.

(10) CBS Evening News: Walter Cronkite calls for Howard K. Smith's impeachment.

(4) NBC Nightly News: David Brinkley calls for John Chancellor's impeachment.

(6) The White House and Television (special): President Nixon, citing energy crisis, calls for rationing of commentary.

(34) Washington Day in Review: Peter Lisagor, James J. Kilpatrick, Hugh Sidey, Joseph Kraft and moderator Sander Vanocur sit around and doze.

THURSDAY:

(6) Owen Marshall: Owen

is run over by ambulance.

(10) The Waltons: John-Boy is arrested for what sheriff calls "suggestive quatrains."

(4) NBC White Paper: "The Shriners-Public Servants or Subversives?" (Preempts parade coverage).

(6) Mission: Impossible: Tape recording self-destructs before team gets message. Senate Watergate Hearings: See above.

FRIDAY:

Kissinger, Mao Tse-tung Hold Meeting

PEKING (AP) — Secretary of State Henry A. Kissinger met with Mao Tse-tung for two hours Monday night, but details of their talks were not disclosed.

It was the third time Kissinger and the Communist party chairman met. The first time was in February 1972 during President Nixon's visit to China. The second was in February of this year.

Kissinger met earlier with Premier Chou En-lai for the third time in three days. Their session lasted three hours amid much speculation, but no concrete information about their talks.

There was conjecture that the two were arranging a visit by Chou to the United States or arrangements for closer official relations than the liaison offices they presently maintain in each other's capital.

U.S. officials with Kissinger have not disclosed any details of the secretary's conversations since he arrived Saturday after his Middle East peace mission. But they said it was unlikely that the visit, Kissinger's sixth to China, would produce an agreement to open full diplomatic relations between Washington and Peking.

Kissinger goes to Tokyo on Tuesday. Speculation that closer ties are the chief topic in Kissinger's talks was fueled by a banquet toast he made Saturday night: "We are determined to do much to complete the process we started two years ago as rapidly as possible."

The first meeting between Kissinger and Chou was held Saturday night after a lavish welcoming banquet. They met again for 3½ hours Sunday and later that day went to a ballet about the Chinese revolution.

Kissinger went sightseeing today with Deputy Foreign Minister Chiao Kuan-hua. Strolling through the 15th century Temple of Heaven in southern Peking, Chiao noted it was his first visit there in 25 years.

"I'm going to explain it to him," quipped Kissinger, who had been there in October 1971.

Later in the walk, Kissinger observed: "The Chinese never make tricks. They're tough but fair. Not like some others." He did not elaborate.

Chiao laughed a lot as Kissinger was talking, and the secretary commented: "That makes it tough. You don't know when you're doing well."

Recording Doesn't Exist

WASHINGTON (AP) — White House lawyer J. Fred Buzhardt testified today that a third piece of subpoenaed Watergate evidence — a recording supposedly dictated by President Nixon — doesn't exist.

The White House had told special Watergate prosecutor Archibald Cox, who has since been fired, that Nixon dictated on a desk recorder his own impressions of a meeting with his ousted counsel John W. Dean III the night of April 15, 1973.

No such recording exists, Buzhardt told the court.

The phantom dictabelt recording is in addition to two other tape recordings which the White House says never existed.

Watergate prosecutors had sought recordings of conversations of the April 15 Nixon-Dean meeting itself and of a June 20, 1972 telephone conversation between Nixon and former Atty. Gen. John N. Mitchell.

The White House announcement two weeks ago that recordings of the two presidential conversations did not exist led to a federal court hearing on the matter.

Today prosecutor Richard Ben-Veniste questioned Buzhardt closely on the third conversations sought by the prosecutors.

"Now, as a matter of fact, there is no dictabelt," Ben-Veniste said. "Isn't that so?"

Buzhardt agreed, saying that only some written notes of the meeting have been located.

U.S. Still Major Wheat Supplier

WASHINGTON (AP) — The United States continues to be the largest foreign supplier of wheat to the Peoples Republic of China this fiscal year, despite recent large sales by Australia and Canada, the Agriculture Department said today.

Over the next three years, however, the U.S. wheat sales position with China is a bit more uncertain, a report by the Foreign Agricultural Service indicated.

Both Canada and Australia have announced new long-term agreements calling for wheat shipments to China over calendar years 1974 through 1976. Most U.S. commitments run only through the current fiscal year ending next June 30.

PUCO Swamped By Fuel Requests

By THE ASSOCIATED PRESS

Requests for emergency fuel assistance from schools, businesses and industry are pouring in to the Ohio Public Utilities Commission.

A check of applications revealed some applicants will be forced to close at the end of the month unless they get the fuel they need.

An example is the Ohio Brass Co. in Mansfield where President Louis J. Ott said dwindling oil supplies may force layoffs among 2,770 employees.

"If we use every drop of oil in our tanks and our allocation, we have 16.6 operating days left," Ott said.

Ohio Brass is one of many companies which, under orders from the Ohio Environmental Protection Agency, switched this year from coal to oil—only to find oil allocations now being based on their 1972 consumption.

The PUCO reported it has received nearly 700 fuel requests since late October when it instituted its fuel allocation program. Top priority has gone to heating fuel for homes, followed by fuel deliveries to mass transit systems and energy-producing industries such as power plants and mining.

Other fuel users must wait in line—a wait destined to grow longer as the truckers who bring the fuel find it increasingly hard to find fuel for themselves, said Donald Smith, vice president of the Ohio Trucking Association.

Trucks are still getting diesel fuel, "but for many companies it's a day-to-day situation," said Smith.

He said some trucks are trying to send more trailers piggyback on railroad cars, "but the railroad situation is bad, too."

Railroads may be forced to reduce weekend service on branch lines, said Lawrence Baggers, Penn Central

Skylab Trip Set Thursday

CAPE CANAVERAL, Fla. (AP) — With the green light on for a launch Thursday, the Skylab 3 astronauts today complete their training for a record 85-day space mission.

Skylab program director William C. Schneider gave the go ahead Sunday for the liftoff after assessing how crews were doing in replacing eight defective stabilizer fins on the Saturn 1B rocket.

He said the work was progressing smoothly and no additional launch postponement was necessary.

The astronauts — Gerald P. Carr, William R. Pogue and Edward G. Gibson — planned to spend several hours today in spaceship simulators at Houston's Johnson Space Center.

That will conclude their training, and they'll fly here to prepare for launch at 9:36 a.m. EST Thursday.

"The schedule, while tight, is still attainable unless some unforeseen event occurs," Schneider told newsmen.

The launch had been scheduled last Saturday but was postponed five days when hairline cracks were found on all eight of the nine-foot-long tail fins.

Experts theorize the cracks were caused by salt air corrosion. They said the rocket might have broken up if it had been flown in that condition.

Replacement of four of the fins was completed Sunday and changeout of the other four was expected by tonight. Schneider gave directions to start the final countdown at 2:30 a.m. Tuesday.

The Saturn 1B is to blast the astronauts to a linkup with the Skylab space station. On man's third and final visit to the lab, they are to conduct extensive earth resources, medical and solar astronomy experiments.

They'll also observe the comet Kohoutek, which will pass around the sun in late December.

Railroad division superintendent.

A Norfolk & Western executive in Roanoke, Va., said his line's operation in Ohio will be about 250,000 gallons short of fuel this month.

But, he said the railway has asked the PUCO for an emergency allocation of 61,900 gallons and hopes to get the rest it needs by diverting fuel from other states.

A number of schools are seeking PUCO fuel allocations, including Westerville, Newark and Fairlawn schools.

At Ohio State University, Elmer Stewart of the purchasing department said campus shuttle buses have only an eight-day fuel supply.

Several Ohio hospitals, including Childrens in Columbus and St. Rita's in Lima, are asking the PUCO to assure them of sufficient fuel oil reserves for the winter.

Michael Buldof of the Childrens Hospital staff said the hospital has about 10,000 gallons of fuel oil left, and in very cold weather could last about a week.

Florists, too, are requesting emergency assistance, said Columbus florist William Morris.

"I've got 13,000 square feet of glass and \$25,000 worth of orchid plants," he said. "Three hours after I'm out of fuel, I'm out of business."

Quadruplets Are Born In Pittsburgh

PITTSBURGH (AP) — The four Bruno babies at a local hospital are known for the time being only as A, B, C and D.

"We have a list of 10 names, but we haven't narrowed it down to four yet," said John Bruno, whose wife gave birth to quadruplets Saturday.

Doctors say the four — two boys and two girls — may be home in three weeks. They each weighed about four pounds at birth and are listed in guarded condition only because they were born four weeks prematurely.

"There have been no complications," said Dr. Richard Paul.

"It was quite easy. She (Mrs. Bruno) had normal labor and a normal delivery, and the children are doing well," said Dr. Donald Mrvos. He said Mrs. Bruno, 33, who once worked as a nurse in the labor and delivery suite in which she gave birth to the couple's first children, had been taking a fertility drug.

"I've had time to prepare, but I'm afraid I haven't done a very good job," said Bruno, 33, an electrical engineer. He said he and his wife were told last month to expect quadruplets. "I haven't gotten over the initial shock yet, and I don't think I will for another 25 years."

Mrs. Bruno said when she first learned she was pregnant she decided to surprise her husband "with a very special dinner, and I put three places on the table."

When she learned several months later that she could expect at least triplets, she called his office and left a note: "We're going to have to reset the table."

District Elks To Meet In Gallipolis

Elks from the 13 lodges in South Central Ohio will meet in Gallipolis Saturday and Sunday for the fall meeting of Ohio Elks Association.

Social activities will start on Friday and will end with a dance on Saturday evening. Sunday's activities will include the business meeting, a ladies party at 2 p.m. and a dinner for attending Elks and their ladies starting at 5 p.m.

The meeting will be presided over by District Activities Chairman, Vernard Knapp of Chillicothe. Topics and reports will include Americanism, cerebral palsy treatment, veterans hospital entertainment, youth activities and other charity programs sponsored by the Elks in Ohio.

2 Cambodian Army Units Decimated

PHNOM PENH, Cambodia (AP) — Khmer Rouge insurgents smashed two Cambodian army companies in the force trying to recapture Kep on the south coast 85 miles southwest of Phnom Penh, military sources reported today.

The insurgents attacked the government troops at Veal Sbau and Boeung Veng, the sources said. Most of the men in the two companies were reported missing.

The Cambodian command announced a "vast operation" to break through to the besieged village of Vihear Suor, 12 miles northeast of Phnom Penh. Military sources said air force helicopters were ferrying troops from the capital into the lowlands south and east of the town.

The command also reported a new drive along Highway 38 on the capital's southern defense line. Previous operations along the east-west route have run into well-entrenched insurgent troops.

Reports from Kompong Speu said five government soldiers attempting to coerce vendors at a market into giving them food and other goods threw a hand grenade into the crowd when a group of officers caught them. The grenade killed two persons and wounded 49, and four of the five soldiers escaped.

In Laos, the national radio reported that a grenade was thrown into a crowded movie theater in Luang Prabang, the royal capital, killing nine persons and wounding six. The broadcast said police had no idea why the grenade was thrown or who threw it.

In South Vietnam, the Saigon command said today that government militiamen protecting the route between the Mekong Delta and the capital repulsed a Viet Cong attack Sunday. Four government soldiers and 28 Viet Cong were reported killed in the battle 50 miles southwest of Saigon.

2 Men Arrested For 17 Slayings

STOCKTON, Calif. (AP) — Two men in custody here on charges of 11 execution-style murders have information about at least six other killings, police say.

Two unidentified bodies were found Sunday in the California Sierra Mountains.

The search for bodies followed the zig-zag path of William Steelman, 28, of Lodi, Calif., and Douglas Gretzler, 22, of New York City, who were captured last Thursday in Sacramento, Calif.

They were charged with nine counts of murder each in the mass execution slayings of nine persons last Tuesday in the home of Victor, Calif., food market owner Walter Parkin. They already were wanted in Arizona, charged with killing a young man and woman.

Since their arrest, authorities say they have discovered five more murder victims in California and Arizona areas visited over the past month by Steelman and Gretzler. Police said those bodies were found with the help of information the two men gave in interviews with detectives.

Arizona police said they had been told by California authorities that Steelman and Gretzler had information about another murder in their state.

Steelman and Gretzler are charged in 11 killings, the nine in Victor and the murders of Robert Robbins, 19, and Katherine Mestites, 21, who were shot in the head. Their bound bodies were found Oct. 28 in a house trailer near Mesa, Ariz. In the Victor killings, seven adults were all bound and shot in the head. Two children were also shot in the head but had not been bound.

The two bodies found Sunday were discovered in a remote canyon outside the town of Oakdale. Detectives said the two victims had been dead about a month and one had been strangled and one had a slit throat.

In connection with that search, police said they had been looking for two missing men whose van was taken from Arizona to California a month ago by Steelman and Gretzler. The missing men were identified as Michael Adshade and Ken Unrein, both 22, of Phoenix.

Last Friday, the day after Steelman and Gretzler were arrested, authorities who questioned the two discovered the bodies of Michael Sandberg, 28, and his wife, Patricia, 32, in their Tucson apartment.

On Saturday, the body of an unidentified person was found in a sleeping bag on an Arizona desert by another team of detectives working on information police said was gathered from an interview with Steelman and Gretzler. Authorities said they were looking for another body in the desert, but they did not give specifics.

Arizona police said they had been told by California authorities that Steelman and Gretzler had information about the death of Gilbert Sierra, 19, of Tucson, whose body was found last week on the desert near Phoenix.

WASHINGTON (AP) — White House lawyer J. Fred Buzhardt testified today that a third piece of subpoenaed Watergate evidence — a recording supposedly dictated by President Nixon — doesn't exist.

The White House had told special Watergate prosecutor Archibald Cox, who has since been fired, that Nixon dictated on a desk recorder his own impressions of a meeting with his ousted counsel John W. Dean III the night of April 15, 1973.

Two children were also shot in the head but had not been bound.

The two bodies found Sunday were discovered in a remote canyon outside the town of Oakdale. Detectives said the two victims had been dead about a month and one had been strangled and one had a slit throat.

In connection with that search, police said they had been looking for two missing men whose van was taken from Arizona to California a month ago by Steelman and Gretzler. The missing men were identified as Michael Adshade and Ken Unrein, both 22, of Phoenix.

Last Friday, the day after Steelman and Gretzler were arrested, authorities who questioned the two discovered the bodies of Michael Sandberg, 28, and his wife, Patricia, 32, in their Tucson apartment.

On Saturday, the body of an unidentified person was found in a sleeping bag on an Arizona desert by another team of detectives working on information police said was gathered from an interview with Steelman and Gretzler. Authorities said they were looking for another body in the desert, but they did not give specifics.

Arizona police said they had been told by California authorities that Steelman and Gretzler had information about the death of Gilbert Sierra, 19, of Tucson, whose body was found last week on the desert near Phoenix.

Our Washington State apples are the best available and extra fancy, too! They are high in nutrition and scientific tests prove "an apple a day keeps the doctor away" has more than a little bit of truth to it. And apples are relatively low in calories. Only 66 calories in a medium size apple.

Use this handy checklist — Bring it to Kroger with you!

Make it a perfect Thanksgiving!

Our Washington State apples are the best available and extra fancy, too! They are high in nutrition and scientific tests prove "an apple a day keeps the doctor away" has more than a little bit of truth to it. And apples are relatively low in calories. Only 66 calories in a medium size apple.

The Charlie Brown Dictionary

PEANUTS Characters: Copr. © 1950, 1954, 1958
United Feature Syndicate, Inc.

*New and delightful.
Now it's fun
to learn words!*

• Here is a new and appealing way to help children learn words and their meanings. The Charlie Brown Dictionary is no ordinary work but a fresh, happy, educationally sound collection of words and definitions.

• Children love the over 600 Charles M. Schulz drawings of Charlie Brown and the Peanuts gang that brighten the pages. They respond to the definitions that are easy to read and understand.

• Charlie Brown himself, Snoopy wearing his dish as a hat, Linus with his security blanket, Lucy giving advice, all help to motivate children to learn about the over 2,500 carefully chosen words defined in these volumes.

• In addition there are 53 pages of world and state maps and facts to make geography come alive.

• The Charlie Brown Dictionary uses a new educational technique developed by Wendell W. Wright, Ph.D. Dean of the School of Education, University of Indiana. The result is a true children's classic of eight colorful, hard cover volumes that belong in every home.

AURORA SKITTLE BINGO

Any number can enjoy the fun of BINGO. But it's tougher. In Skittle BINGO, the board turns like a merry-go-round! And you shoot to get the letters and numbers you need to win. It's like trying to catch the "Brass Ring" while riding in circles. A table-top game that tops off an evening.

AURORA SKITTLE POOL

Like pool, but different enough to offer a new challenge. Another AURORA table-top game for the entire family. Game includes felt surface playing table with ball returns, 10 numbered balls, cue ball, metal arch, swinging ball and chain, magic cue, ball rack, and scoring counter.
